Subject: Noncore Gas Customer Letter - FYI

Michelle, Julie,

As we discussed at the table top exercise on August 12, we're trying to proactively communicate to noncore customers the potential upcoming curtailments so they can be ready when called. To that end, we are sending the attached letter to noncore customers to help remind them of their commitment to curtail and allow them to prepare. We also use the letter as a vehicle to confirm and update the emergency contact at their facility.

We're sharing this letter with you as a heads-up just in case you get questions from customers or others in the media who hear about the letter.

Please let me know if you have any questions.

Thanks.

Shilpa
