Colette --

Here is the latest agenda for Friday's tour of [Redact]. The only thing that I think is different from the last version is that there is no rifle range, but now there is a boat tour. I've never been on the boat tour, but it would give us a chance to talk about the marine effects of the power plant. But not everyone likes boats, so let me know if that works for you and the commissioner.

Let me know if you have any questions.

Also, my cell -- [Redacted]

yours,
