Subject: 8/24 Meeting on RPS Legislation and Implementation of New Procurement Targets and Certain Compliance Requirements

All

We are planning to hold a meeting next week to discuss RPS legislation as it relates to SB 2 (1X)'s guidance with regards to new procurement targets and certain compliance requirements. **The meeting will take place on Wednesday, August 24 from 10 a.m. to 4 p.m. at PG&E's office on 245 Market St, Conference Room 1411, San Francisco.** We anticipate the meeting will not take the entire time allotted, but have scheduled the time in case it's needed. The goal is to provide an opportunity for open discussion on this topic. Given room size constraints, we will also set up a call-in number, and encourage parties to participate via phone.

For security reasons, please provide me the name(s) of your attendee(s), and confirm whether they will be participating in person or via phone, **by no later than 5PM on Monday August 22nd.** Due to security reasons, anyone responding after this time cannot attend the meeting in person. Should we

exceed the maximum allowable headcount, we will likely need to limit the number of in-person attendees per organization. We will try and send an agenda prior to the meeting, and the call-in number will be provided to those who respond by the requested time.

Thank you and please contact me should you have any questions.
