Hi Meredith - would you let folks at PG&E know that this message to Paul Clanon was forwarded to us, and therefore I think it most appropriate that PG&E make a late-filed ex parte disclosure. Thanks, and sorry for the delay.

Paul,

Attached is more information on the issue that we discussed. Our current expectation is that the specific customers on page 2 will not be inspected by 8/31 and will not receive rebates for the projects that they have in the pipeline. We plan to notify customers early next week.

Please let me know if you have questions or need additional information.

Thanks,
Meredith
