Subject: FW: Fresno County PG&E Solar Projects

Meredith, I just spoke with Kate, who is consulting for the Defenders of Wildlife. She is concerned about the solar PV projects, especially after reading the article, and would like to learn more about the projects. Could you have someone at PG&E get in touch with her?

Thanks,
Jaclyn

Thank you Jaclyn. How was the CEQA clearance handled? Who was the lead agency for CEQA purposes?

Thanks,

Kate

Kate,

The CPUC pre-approved PG&E's request to build, own, and operator solar facilities through a CPUC Decision, which you can access here:

[http://docs.cpuc.ca.gov/WORD\\_PDF/FINAL\\_DECISION/117115.pdf](http://docs.cpuc.ca.gov/WORD_PDF/FINAL_DECISION/117115.pdf). The Decision preapproved the program and does not require that the CPUC approve each individual project.

Regards,

Jaclyn

Hello,

I would like to learn more about the three PG&E solar power projects mentioned in this article that were permitted/approved by the CPUC in Fresno County.

Can you please provide me with the name and contact information for the CPUC staff person that was responsible for these projects?

Thanks,

Kate
