Subject: PG&E 2010 PHMSA 7100.2-1 Transmission Annual Report

Mr. Wiese,

Attached find the PG&E Transmission Annual 7100.2-1 report and supporting cover letter filed on the PHMSA website this afternoon.

Please note that it appears that the non-HCA onshore leaks column in Part M1 does not sum correctly. The total for that column should be 82, not 81.

Sincerely,

[Redacted]
