Looks great to me - I'll pass along to Ferron. Is the Energy Center the one here in the city? Ferron might want to drive down in his own car so he can just go straight home to Marin afterwards and not have to come back to the city - is this doable from a Security perspective?

Michael --

Here is the draft agenda for the tour with the Commissioner. I like the way it's shaping up -- a lot of face time with plant management. Let me know if you have any questions.
