My mistake. I actually realized that I won't be able to join (sad!) because it's Rosh Hashanah, but I'll have Sarah Thomas reach out to you/[Reda] as it gets closer.

Diablo is near San Luis Obispo, so this Energy Education Center is down south. The Pacific Energy Center is here in town, and there's a tour coming up for Cmmr Ferron there as well, but I don't have the date in front of me.

This SLO Diablo tour requires travel, unfortunately. I can get Sally to coordinate and give suggestions about that.

Do I seem terse? Blame the thumb keyboard.

Looks great to me - I'll pass along to Ferron. Is the Energy Center the one here in the city? Ferron might want to drive down in his own car so he can just go straight home to Marin afterwards and not have to come back to the city - is this doable from a Security perspective?

Here is the draft agenda for the tour with the Commissioner. I like the way it's shaping up -- a lot of face time with plant management. Let me know if you have any questions.
