That works. Should Sid call your line when they arrive?

Hi Jaclyn,

I check with our permitting folks and unfortunately Friday doesn't work for them. Would 2:30 or 3:00 on Tuesday work?

Thanks,

Meredith

Meredith,

I read this article and it seems that Fresno and Kern Counties are not very happy with the UOG solar PV permitting process. Can we schedule a meeting with your permitting folks to discuss this issue and to understand the current and future permitting of your UOG projects? I am available this Friday or next Tuesday.

Thanks,

Jaclyn
