Bret:

I appreciate, and will take you up, on your willingness to make yourself available for a 3:00 PM teleconference. The call in number and password for the teleconference is provided below. There is a small chance, however, that a hearing I will be attending in the morning could slightly bump into the teleconference time. I will provide notice as early as possible (hopefully by 1:30-2:00) if it looks like that might occur.

Sunil;
I can shift a meeting if this works for you.

Sunil,

Thanks for sharing this - it is extremely useful. 3-4 PM on Monday seems like a good time. One of our key members is out Tuesday and Wednesday.

Does that time work for others?

Shilpa

Thanks Sunil. I have sent the info to the LA County FD Chief on the workshop and indicated you would be contacting him directly. Here is the contact info;

Chief Deputy John B. Tripp

John.tripp@fire.lacounty.gov

(323) 881-6178

I appreciate the listing of the topics. They will be helpful in framing the presentation. I agree that a quick call would be beneficial to review the workshop schedule.

Bret

Subject: September 26-27, 2011 Workshop

Bret and Shilpa,

Attached to this e-mail is a listing of topics related to the items scheduled in the agenda provided on August 25, 2011 for the September 26-27 Natural Gas Emergency Response Planning Workshop (Workshop). This list of topics is not meant to be limiting as other questions may come up during the Workshop; however, since the schedule of the Workshop is very tight, this is an attempt to make sure that presentations are not duplicative and make the most effective use of the limited time. This list is also intended to provide a chance to consider and prepare for topics that will most likely provide value to all Workshop participants. An updated agenda may be provided prior to the Workshop; however, it will most likely not include the details included in the attachment.

Bret, we still would like to have the LA County Deputy Fire Chief attend the Workshop. We are trying to open up some time (approximately 30 minutes) for him to make a presentation on the first day, if he wishes to do so. I would like to contact him directly to discuss his participation and would appreciate it if you could provide me with his contact information.

Please review the attachment and let me know if you have any questions/comments. Sometime early next week I would like to schedule a teleconference to discuss the Workshop and answer any questions that surface from your companies' respective reviews.

Thank you for your attention to this matter.

Sunil Shori
