Subject: RE: Data Request

Dear Ms. Malliett:

PG&E requests a one week extension to provide responses to CPD's requests related to Internal Audit reports, employee lawsuits and internal employee complaints. The request covers a large amount of material over a number of years. PG&E would like the additional week in order to assemble this material. We expect to provide an initial response on September 23 with a substantial number of documents. We will also propose a schedule for additional productions thereafter.

Thank you in advance for your consideration. Please contact me if you have questions.
