Jennifer:

Unfortunately, due to a previously scheduled meeting, the 3:30 spot when Julie is available will not work for me. Sometime after 2:30 tomorrow would work for me if others are also available. In the meantime, we could jump start the process if PG&E can electronically provide CPSD with any available information related to next week's hydro-test.

Thanks, Jennifer.

Sunil

Sunil,

Sorry for the short notice...

Per my phone message to you. We would like to have a short conference call this afternoon to discuss some hydro tests planned for as early as next week for which we would not do spike tests due to engineering considerations. Michelle can't make the discussion but if you are free from 3:00 -4:00 pm this afternoon, Julie is free from 3:30 pm to 4:00 pm and we could make that work.

Please let me know asap and I will set up a conference call in.

Best regards,

Jennifer
