One Person Dead After Explosion At Menlo Park Business
Posted: 5:01 pm PDT September 2, 2011
Updated: 5:07 pm PDT September 2, 2011

Emergency units are on the scene of a reported explosion at a Menlo Park business Friday afternoon that has killed one person.

The incident took place at Membrane Technology and Research, Inc. at 1360 Willow Road. Footage from NewsChopper 2 revealed four emergency vehicles on the scene. One person has reportedly died in the explosion when happened as a cylinder of gas was being moved.

FYI --

I was informed a news report from Fox News is indicating that a large explosion has occurred at a facility in Menlo Park. It appears this may be at a facility that uses chemicals as part of its production. PG&E has been contacted to confirm if they are aware of the situation and/or if any of their facilities are involved or affected by the explosion. I expect to hear back from PG&E, shortly.

Sunil
