Just fyi, I am ready to send the PDF copy, but I'm waiting for Sunil to see if the OQ for welders info comes back. I've got versions for both outcomes.

Shilpa

Attached is the completed Excel file which shows the OQ tasks for PGE personnel and subcontractors.

I have also included the Welding Procedure Qualifications for Steve Smith and Don Hendrix, who performed the welding of piping modifications at Topock Compressor Station to facilitate the Hydrotest. There were two welding crews which were led by Steve Smith and Don Hendrix on this project.

Regards

Paul
