Subject: Re: SmartMeter Technology Advisory Panel Meeting

The week of the 10th (10-14) would be much better for me.

I have regular meetings Monday afternoons (2-3) and Tuesday mornings (10-11).  
I will be out of town and unavailable Wed-Fri (10/5 - 10/7)  
Other than my regular meetings mentioned above, the week of 10/10 is currently open.

One topic that is a carry over from the last meeting is "How do we want to use the TAP?"  
A question I had sent to Cliff is regarding why there is a separate manual process to get the web usage page to display "smartday" usage. I have seen two occurrences where the web page did not get the proper info due to a failure of the manual process. I was thinking we could discuss how this might be made more "bullet-proof" through technology.

- Steve

Subject: SmartMeter Technology Advisory Panel Meeting

TAP members:

We hope to schedule the next meeting of the SmartMeter™ Technology Advisory Panel in early October. **Please supply your availability from October 3 through October 14 so that we can schedule the next session.**

Potential agenda items could include continued discussion of technical aspects of opt-out alternatives, the status of PG&E's Net Energy Metering implementation for SmartMeter™ customers, and overall deployment status; your suggested topics are welcome.

Thank you for your input. If you have any questions, please do not hesitate to contact me.
