Subject: Aldyl A data requests

Michelle, here is a data response that was submitted on 10/7 at 4:30 --- it appears that the Chronicle used portions of the information for their Sunday article.

Subject: Request for information

Shelly and [Redacted],

We are interested in receiving some information regarding PG&E's Aldyl-A spending.

1. In the TY2011 GRC, PG&E estimated that it would spend the following amounts on the Aldyl-A project: \$1 million in 2009, \$500,000 in 2010, and \$2.1 million in 2011. Please provide the recorded expenses for 2009, 2010, and YTD 2011. Also, if there is a projected 2011 total (given YTD spending), will you also provide that information?

2. PG&E received \$60 million in the 2011 GRC Decision D.11-05-018 for DIMP expenses. How much of the \$60 million was allocated to Aldyl-A for 2011? How much will be allocated to Aldyl-A for 2012 and for 2013?

3. In addition to providing lump-sum totals, would PG&E be able to provide some sort of meaningful breakdown of the information requested above? For example, by region, by district, by city?

4. Please list and discuss the criterion PG&E uses to prioritize the Aldyl-A spending.

Thanks,

Clayton
