Ratepayer Advocates, Greenlining Institute, The Marin Energy Authority and The
Western Power Trading Forum to Dismiss Pacific Gas & Electric Company's
Application 10-11-002

Christopher,

CARE has no objections to PG&E's request.

I will be in Washington DC on the 13th of October for Oral Arguments on the California Parties Motion to Dismiss CARE's Testimony in the California Refund Proceeding EL00-95-248 anyways so I won't really have time anyways to see your response. So take your time and in the interim I would encourage PG&E to strongly consider withdrawing their application on their own without wasting everyone's time on this matter anymore.

Thanks,

To: All Parties in A.10-11-002, Particularly TURN, DRA, Greenlining, Marin Energy Authority, WSPA and CARE:

From: Chris Warner, Attorney for Applicant PG&E

Re: Timing for Responses to Motions to Dismiss

For convenience of review by all parties and the Commission and the convenience of PG&E, PG&E would like to request that it have an opportunity to consolidate its responses to the two Motions to Dismiss filed in this proceeding, the Motion by TURN et al filed yesterday and referenced below, and the Motion to Dismiss filed by CARE on September 28, 2011, also referenced below. By our calculation under CPUC Rule 11.1(e), responses to the TURN, et al Motion would be due October 20, and responses to the CARE Motion would be due October 13. PG&E would like to file its responses to both Motions by October 20, the due date for responses to the TURN, et al., Motion.

Do any of the interested parties in A.10-11-002 object to PG&E request to consolidate its responses to the Motions to Dismiss and to file those responses by October 20, 2011?

Please let me know asap, so we can inform the ALJ accordingly. Thank you for your consideration.
