No surprise here.

It is a strategy apparently based upon the Charge of the Light Brigade.

They even conceded to us that they did not expect PG and E to support either.

My BB is not receiving. Not sure it will send either.

Talked with Steve this morning. He confirmed that they have exhausted all CPM options. The only path he has left is the waiver -- even if the CPUC objects.

He also indicated that in his meeting with SMUD they represented that they do not need us for reliability purposes.
