RULE 3.2 COMPLIANCE

Pursuant to Rule 3.2(e) of the Commission's Rules of Practice and Procedure, San Diego Gas & Electric Company ("SDG&E") and Southern California Gas Company ("SoCalGas") hereby submit the following Attachments A through D as evidence of compliance with Rule 3.2(b), (c), and (d):

- ffi Attachment A, which contains SDG&E and SoCalGas' Proof of Mailing of the *Notice of Pipeline Safety Rulemaking Implementation Plan, Pursuant to D.11-06-017, Requiring All California Natural Gas Transmission Operators to File a Natural Gas Transmission Pipeline Comprehensive Pressure Testing Implementation Plan in R.11-02-019*, to all the applicable state, city and county agencies, in accordance with Rule 3.2(b);
- ffi Attachment B, which contains SDG&E and SoCalGas' Proof of Posting of the *Notice of Pipeline Safety Rulemaking Implementation Plan, Pursuant to D.11-06-017, Requiring*

All California Natural Gas Transmission Operators to File a Natural Gas Transmission Pipeline Comprehensive Pressure Testing Implementation Plan in R.11-02-019, in the applicable division and payment offices for viewing;

- ffi Attachment C, which contains SDG&E and SoCalGas' Proof of Publications of the *Notice of Pipeline Safety Rulemaking Implementation Plan, Pursuant to D.11-06-017, Requiring All California Natural Gas Transmission Operators to File a Natural Gas Transmission Pipeline Comprehensive Pressure Testing Implementation Plan in R.11-02-019, in the applicable newspapers in accordance with Rule 3.2(c); and*
- ffi Attachment D, which contains SDG&E and SoCalGas' Proof of Mailing to its Customers (via "the bill insert") of the *Notice of Pipeline Safety Rulemaking Implementation Plan, Pursuant to D.11-06-017, Requiring All California Natural Gas Transmission Operators to File a Natural Gas Transmission Pipeline Comprehensive Pressure Testing Implementation Plan in R.11-02-019, in accordance with Rule 3.2(d).*

A  Sempra Energy utility™

SAN DIEGO GAS & ELECTRIC COMPANY

NOTICE OF PIPELINE SAFETY RULEMAKING
IMPLEMENTATION PLAN

**SAN DIEGO GAS & ELECTRIC COMPANY
NOTICE OF PROPOSED CHANGE IN GAS RATES**

**PIPELINE SAFETY RULEMAKING IMPLEMENTATION PLANS
RULEMAKING NO. R.11-02-019**

On August 26, 2011, San Diego Gas & Electric Company (SDG&E[®]) and Southern California Gas Company (SoCalGas[®]) jointly filed with the California Public Utilities Commission (CPUC) their Comprehensive Implementation Plan to replace or pressure test all their natural gas transmission pipelines that have not been tested or for which sufficient documentation of testing is not available. The CPUC ordered in Decision 11-06-017 dated June 9th that all California natural gas transmission pipeline operators prepare and submit their Implementation Plans for testing or replacing all transmission pipelines as soon as practicable. At the completion of the implementation period, all California natural gas transmission pipeline segments must be (1) pressure tested, (2) have traceable, verifiable, and complete records readily available, and (3) where warranted, be capable of accommodating in-line inspection devices.

The CPUC opened this Rulemaking on February 24, 2011 to adopt new safety and reliability regulations for natural gas transmission and distribution pipelines and related ratemaking mechanisms. The Rulemaking is a forward-looking effort to establish a new model of natural gas pipeline safety regulations for all pipelines in California. SDG&E and SoCalGas have over 4,000 miles of transmission lines that will be affected by the new regulations. SDG&E and SoCalGas have developed their Implementation Plans as directed by the CPUC focusing first on pipeline segments located in populated areas, with pipeline segments in other locations given lower priority for pressure testing or replacement.

**SDG&E REQUESTS A TOTAL INCREASE OF \$36.5 MILLION TO CARRY
OUT THE IMPLEMENTATION PLAN STARTING IN 2012**

SDG&E is requesting a total revenue increase of \$36.5 million over the currently authorized revenues for gas distribution and transmission service as approved in SDG&E's General Rate Case, with the increase effective in 2012. SDG&E's Implementation Plan includes: the replacement of natural gas pipelines; hydrostatic testing of natural gas pipelines; interim safety enhancement measures; and consideration of retrofitting pipelines for in-line inspection tools and where appropriate, improved shut-off valves.

ESTIMATED IMPACT OF THIS REQUEST ON GAS RATES

SDG&E has estimated the requested \$36.5 million increase in gas revenues under the proposed rates as shown in the tables below. The actual distribution of the increase to each customer class depends on how the CPUC ultimately decides all issues in the Rulemaking. The Illustrative rates shown below are for the first four (4) years of the Implementation Plan. Rate impacts in subsequent years will be requested in the utility's General Rate Case application, or another applicable proceeding. The actual distribution

for the required revenues for those future applications will be decided by the CPUC in that future proceeding.

Illustrative Revenue and Proposed Rate Increase Per Customer Class

Customer Class	Annual \$ (million)	% increase
Residential	\$28.2	12.8%
Small Commercial/Industrial	\$5.5	14.0%
Natural Gas Vehicles	\$0.2	11.8%
Non Core	\$2.6	10.4%
Other	\$0.0	0.0%
<u>Total</u>	\$36.5	12.8%

If the CPUC approves SDG&E's request for a gas rate increase, the bill for a typical bundled residential customer under the proposed rate allocation method using 33 therms per month would increase \$2.92, or 7.5% percent, from **\$38.76 to \$41.68**. Individual customer bills may differ. **Rates would become effective in 2012.**

FOR FURTHER INFORMATION

You may request additional information or obtain a copy of the Implementation Safety Plan by writing to: Jeffery Salazar, Case Manager, 555 W. Fifth St., GT14D6, Los Angeles, CA 90013-1011. SDG&E will provide a copy of the Implementation Plan, including the public testimony, upon request. SDG&E's Implementation Plan and attachments may be inspected at the CPUC's Central Files Office, 505 Van Ness Ave., San Francisco, CA 94102. A copy of the Implementation Plan and any amendments may be inspected at the SDG&E business offices listed below:

436 H. St.
Chula Vista, CA 91910

336 Euclid Ave.
San Diego, CA 92114

104 N. Johnson Ave.
El Cajon, CA 92020

440 Beech St.
San Diego, CA 92101

644 W. Mission Ave.
Escondido, CA 92025

2604 S. El Camino Real

sdge.com/regulatory/cpuc.

Copies of this insert will be available for viewing and printing on SDG&E's website at
sdge.com/billinserts/regulatory.

CPUC PROCESS

The CPUC may hold Evidentiary Hearings (EHs) whereby parties of record provide testimony and are subject to cross-examination before a CPUC Administrative Law Judge (ALJ). These hearings are open to the public, but only those who are formal parties of record can participate. The CPUC has its own court reporters who will record the comments of those formal parties of record participating in the EHs. The Division of Ratepayer Advocates (DRA) is an independent arm of the CPUC, created by the Legislature to represent the interests of all utility customers throughout the state to obtain the lowest possible rates for service consistent with reliable and safe service levels. DRA has a multi-disciplinary staff with expertise in economics, finance, accounting and engineering. After considering all proposals and evidence presented during the formal hearing process, the assigned ALJ will issue a proposed draft decision. When the CPUC issues a final decision on the application, it may adopt, amend or modify all or part of the ALJ's proposed decision as written. The CPUC's decision may be different than SDG&E's formal request.

If you would like additional information or would like to attend these hearings, you can contact the Public Advisor's Office. You may also send your comments to the Public Advisors' address, 320 West 4th St., Ste. 500, Los Angeles, CA 90013, or send an e-mail to: public.advisor.la@cpuc.ca.gov. Any correspondence received will become part of the formal file in this rulemaking. Please reference Rulemaking No. R.11-02-019 in any correspondence.

A  Sempra Energy utility™

SOUTHERN CALIFORNIA GAS COMPANY

NOTICE OF PIPELINE SAFETY RULEMAKING
IMPLEMENTATION PLAN

**SOUTHERN CALIFORNIA GAS COMPANY
NOTICE OF PROPOSED CHANGE IN GAS RATES**

**PIPELINE SAFETY RULEMAKING IMPLEMENTATION PLANS
RULEMAKING NO. R.11-02-019**

On August 26, 2011, Southern California Gas Company (SoCalGas[®]) and San Diego Gas & Electric Company[®] (SDG&E[®]) jointly filed with the California Public Utilities Commission (CPUC) their Comprehensive Implementation Plan to replace or pressure test all their natural gas transmission pipelines that have not been tested or for which sufficient documentation of testing is not available. The CPUC ordered in Decision 11-06-017 dated June 9th that all California natural gas transmission pipeline operators prepare and submit their Implementation Plans for testing or replacing all transmission pipelines as soon as practicable. At the completion of the implementation period, all California natural gas transmission pipeline segments must be (1) pressure tested, (2) have traceable, verifiable, and complete records readily available, and (3) where warranted, be capable of accommodating in-line inspection devices.

The CPUC opened this Rulemaking on February 24, 2011 to adopt new safety and reliability regulations for natural gas transmission and distribution pipelines and related ratemaking mechanisms. The Rulemaking is a forward-looking effort to establish a new model of natural gas pipeline safety regulations for all pipelines in California. SoCalGas and SDG&E have over 4,000 miles of transmission lines that will be affected by the new regulations. SoCalGas and SDG&E have developed their Implementation Plans as directed by the CPUC focusing first on pipeline segments located in populated areas, with pipeline segments in other locations given lower priority for pressure testing or replacement.

**SOCALGAS REQUESTS A TOTAL INCREASE OF \$241.1 MILLION TO
CARRY OUT THE IMPLEMENTATION PLAN STARTING IN 2012**

SoCalGas is requesting a total revenue increase of \$241.1 million over the currently authorized revenues for gas distribution and transmission service as approved in SoCalGas' General Rate Case, with the increase effective in 2012. SoCalGas' Implementation Plan includes: the replacement of natural gas pipelines; hydrostatic testing of natural gas pipelines; interim safety enhancement measures; and consideration of retrofitting pipelines for in-line inspection tools and where appropriate, improved shut off valves.

ESTIMATED IMPACT OF THIS REQUEST ON GAS RATES

SoCalGas has estimated the requested \$241.1 million increase in gas revenues under the proposed rates as shown in the tables below. The actual distribution of the increase to each customer class depends on how the CPUC ultimately decides all issues in the Rulemaking. The Illustrative rates shown below are for the first four (4) years of the Implementation Plan. Rate impacts in subsequent years will be requested in the utility's General Rate Case application or another applicable proceeding. The actual distribution for the required revenues for those future applications will be decided by the CPUC in that future proceeding.

Illustrative Revenue and Proposed Rate Increase Per Customer Class:

Customer Class	Annual \$ (million)	% increase
Residential	\$184.8	13.9%
Small Commercial/Industrial	\$33.8	11.0%
Natural Gas Vehicles	\$1.2	11.6%
Non Core	\$21.0	11.8%
Other	\$0.2	12.2%
Total	\$241.1	13.2%

If the CPUC approves SoCalGas' request for a gas rate increase, the bill for a typical bundled residential customer under the proposed rate allocation method using **38** therms per month would increase **\$2.92**, or 7.5 percent, from **\$39.08** to **\$42.00**. Individual customer bills may differ. **Rates would become effective in 2012.**

FOR FURTHER INFORMATION

You may request additional information by writing to: Jeffery Salazar, Southern California Gas Company, 555 W. Fifth St., GT14D6, Los Angeles, CA 90013-1011. SoCalGas' Implementation Plan and attachments may also be inspected at the CPUC office located at 505 Van Ness Ave., San Francisco, CA 94102.

Copies of this Rulemaking will be available for viewing and printing on the SoCalGas Web site at: socalgas.com/regulatory/cpuc.shtml.

Copies of this insert will be available for viewing and printing on the SoCalGas Web site at socalgas.com/regulatory/.

CPUC PROCESS

The CPUC may hold Evidentiary Hearings (EHs) whereby parties of record provide testimony and are subject to cross-examination before a CPUC Administrative Law Judge (ALJ). These hearings are open to the public, but only those who are formal parties of record can participate. The CPUC has its own court reporters who will record the comments of those formal parties of record participating in the EHs. The Division of Ratepayer Advocates (DRA) is an independent arm of the CPUC, created by the Legislature to represent the interests of all utility customers throughout the state to obtain the lowest possible rates for service consistent with reliable and safe service levels. DRA has a multi-disciplinary staff with expertise in economics, finance, accounting and engineering. After considering all proposals and evidence presented during the formal hearing process, the assigned ALJ will issue a proposed draft decision. When the CPUC issues a final decision on the application, it may adopt, amend or modify all or part of the ALJ's proposed decision as written. The CPUC's decision may be different than SoCalGas' formal request.

If you would like additional information or would like to attend these hearings, you can contact the Public Advisor's Office. You may also send your comments to the Public Advisors' address, 320 West 4th St., Ste. 500, Los Angeles, CA 90013 or send an e-mail to: public.advisor.la@cpuc.ca.gov. ELECTRIC COMPANY (U 902-E)
AND SOUTHERN CALIFORNIA GAS COMPANY (U 904 G) PURSUANT TO D.11-06-017, REQUIRING
ALL CALIFORNIA NATURAL GAS TRANSMISSION PIPELINE COMPREHENSIVE PRESSURE
TESTING IMPLEMENTATION PLAN**

Pursuant to Rule 3.2(b) of the Commission's Rules of Practice and Procedure, San Diego Gas & Electric Company (U 902-E) ("SDG&E") and Southern California Gas Company (U 904 G) ("SoCalGas") hereby gives notice of the *Natural Gas Transmission Pipeline Comprehensive Pressure Testing Implementation Plan on August 26, 2011*. The plan and supporting testimony is available to all interested parties and to the public. Any recipient of this Notice of Availability may request a copy of the filing. In addition, SDG&E and SoCal Gas have the following websites to view this application and testimony. They are the following:

<http://sdge.com/regulatory/R11-02-019.shtml>

<http://www.socalgas.com/regulatory/R11-02-019.shtml>

On June 9, 2011, the California Public Utilities Commission (Commission) issued a Decision Determining Maximum Allowable Operating Pressure Methodology and Requiring Filing of a Natural Gas Transmission Pipeline Replacement or Testing Implementation Plan. In that the Decision, the Commission "orders all California natural gas transmission operators to develop and file for Commission consideration A Natural Gas Transmission Pipeline comprehensive Pressure Testing Implementation Plan to achieve the goal of orderly and cost effectively replacing or testing all natural gas transmission pipeline that have not been pressure tested." These plans, as the commission has directed, will move California natural gas transmission operators beyond existing regulations that allow operations to bas the maximum allowable operating pressure (MAOP) on historical operating pressures for pipelines that were installed prior to 1970.

SDG&E and SoCalGas submit their Pipeline Safety Enhancement Plan (PSEP) in compliance with that order. These plans include elements beyond those required by the Commission's Order that are consistent with the goals set out by the Commission to enhance public safety. They also propose alternatives to pressure testing or replacing that "demonstrably achieve the same standard of safety" as pressure testing or replacement. The Plan and supporting testimony ask the Commission to approve SDG&E and SoCalGas' proposals for a Natural Gas Transmission Pipeline Comprehensive Pressure Testing Implementation Plan.

A copy of the documents described above will be provided immediately upon the written request of the party receiving this notice. All requests should be directed to:

**SAN DIEGO GAS & ELECTRIC COMPANY
NOTICE OF PROPOSED CHANGE IN GAS RATES
PIPELINE SAFETY RULEMAKING IMPLEMENTATION PLANS
RULEMAKING NO. R.11-02-019**

On August 26, 2011, San Diego Gas & Electric Company (SDG&E®) and Southern California Gas Company (SoCalGas®) jointly filed with the California Public Utilities Commission (CPUC) their Comprehensive Implementation Plan to replace or pressure test all their natural gas transmission pipelines that have not been tested or for which sufficient documentation of testing is not available. The CPUC ordered in Decision 11-08-017 dated June 9th that all California natural gas transmission pipeline operators prepare and submit their Implementation Plans for testing or replacing all transmission pipelines as soon as practicable. At the completion of the implementation period, all California natural gas transmission pipeline segments must be (1) pressure tested, (2) have traceable, verifiable, and complete records readily available, and (3) where warranted, be capable of accommodating in-line inspection devices.

The CPUC opened this Rulemaking on February 24, 2011 to adopt new safety and reliability regulations for natural gas transmission and distribution pipelines and related rulemaking mechanisms. The Rulemaking is a forward-looking effort to establish a new model of natural gas pipeline safety regulations for all pipelines in California. SDG&E and SoCalGas have over 4,000 miles of transmission lines that will be affected by the new regulations. SDG&E and SoCalGas have developed their Implementation Plans as directed by the CPUC focusing first on pipeline segments located in populated areas, with pipeline segments in other locations given lower priority for pressure testing or replacement.

SDG&E REQUESTS A TOTAL INCREASE OF \$36.5 MILLION TO CARRY OUT THE IMPLEMENTATION PLAN STARTING IN 2012

SDG&E is requesting a total revenue increase of \$36.5 million over the currently authorized revenues for gas distribution and transmission service as approved in SDG&E's General Rate Case, with the increase effective in 2012. SDG&E's Implementation Plan includes: the replacement of natural gas pipelines; hydrostatic testing of natural gas pipelines; interim safety enhancement measures; and consideration of retrofitting pipelines for in-line inspection tools and where appropriate, improved shut-off valves.

ESTIMATED IMPACT OF THIS REQUEST ON GAS RATES

SDG&E has estimated the requested \$36.5 million increase in gas revenues under the proposed rates as shown in the tables below. The actual distribution of the increase to each customer class depends on how the CPUC ultimately decides all issues in the Rulemaking. The illustrative rates shown below are for the first four (4) years of the Implementation Plan. Rate impacts in subsequent years will be requested in the utility's General Rate Case application, or another applicable proceeding. The actual distribution for the required revenues for those future applications will be decided by the CPUC in that future proceeding.

Illustrative Revenue and Proposed Rate Increase Per Customer Class

Customer Class	Annual \$(million)	% Increase
Residential	\$28.2	12.8%
Small Commercial/Industrial	\$ 5.5	14.0%
Natural Gas Vehicles	\$ 0.2	11.8%
Non-Core	\$ 2.6	10.4%
Other	\$ 0.0	0.0%
Total	\$36.5	12.8%

If the CPUC approves SDG&E's request for a gas rate increase, the bill for a typical bundled residential customer under the proposed rate allocation method using 33 therms per month would increase \$2.92, or 7.5% percent, from \$38.76 to \$41.68. Individual customer bills may differ. Rates would become effective in 2012.

FOR FURTHER INFORMATION

You may request additional information or obtain a copy of the Implementation Safety Plan by writing to: Jeffery Salazar, Case Manager, 555 W. Fifth St., GT14D6, Los Angeles, CA 90013-1011. SDG&E will provide a copy of the Implementation Plan, including the public testimony, upon request. SDG&E's Implementation Plan and attachments may be inspected at the CPUC's Central Files Office, 505 Van Ness Ave., San Francisco, CA 94102. A copy of the Implementation Plan and any amendments may be inspected at the SDG&E business offices listed below:

436 H. St. Chula Vista, CA 91910	336 Euclid Ave. San Diego, CA 92114	104 N. Johnson Ave. El Cajon, CA 92020	440 Beach St. San Diego, CA 92101
644 W. Mission Ave. Escondido, CA 92025	2604 S. El Camino Real Carlsbad, CA 92008	2405 Plaza Blvd. National City, CA 91950	

Copies of this Rulemaking are available on SDG&E's website at: www.sdge.com/regulatory/cpuc.shtml

Copies of this insert will be available for viewing and printing on SDG&E's website at: www.sdge.com/billinserts/regulatory.shtml

CPUC PROCESS

The CPUC may hold Evidentiary Hearings (EHs) whereby parties of record provide testimony and are subject to cross-examination before a CPUC Administrative Law Judge (ALJ). These hearings are open to the public, but only those who are formal parties of record can participate. The CPUC has its own court reporters who will record the comments of those formal parties of record participating in the EHs. The Division of Ratepayer Advocates (DRA) is an independent arm of the CPUC, created by the Legislature to represent the interests of all utility customers throughout the state to obtain the lowest possible rates for service consistent with reliable and safe service levels. DRA has a multi-disciplinary staff with expertise in economics, finance, accounting and engineering. After considering all proposals and evidence presented during the formal hearing process, the assigned ALJ will issue a proposed draft decision. When the CPUC issues a final decision on the application, it may adopt, amend or modify all or part of the ALJ's proposed decision as written. The CPUC's decision may be different than SDG&E's formal request.

If you would like additional information or would like to attend these hearings, you can contact the Public Advisor's Office. You may also send your comments to the Public Advisors' address, 320 West 4th St., Ste. 500, Los Angeles, CA 90013, or send an e-mail to: public_advisor_la@cpuc.ca.gov. Any correspondence received will become part of the formal file in this rulemaking. Please reference Rulemaking No. R.11-02-019 in any correspondence.

SAN DIEGO GAS & ELECTRIC COMPANY
NOTICE OF PROPOSED CHANGE IN GAS RATES
PIPELINE SAFETY RULEMAKING/IMPLEMENTATION PLANS
RULEMAKING NO. R.11-02-019

On August 26, 2011, San Diego Gas & Electric Company (SDG&E) and Southern California
Gas Company (SoCalGas) jointly filed with the California Public Utilities Commission (CPUC)
their Comprehensive Implementation Plan to replace or pressure test all their natural gas
transmission pipelines that have not been tested or for which sufficient documentation of testing
is not available. The CPUC ordered in Decision 11-06-017 dated June 9th that all California
natural gas transmission pipeline operators prepare and submit their Implementation Plans for
testing or replacing all transmission pipelines as soon as practicable. At the completion of the
implementation period, all California natural gas transmission pipeline segments must be (1)
pressure tested, (2) have traceable, verifiable, and complete records readily available, and (3)
where warranted, be capable of accommodating in-line inspection devices.

The CPUC opened this Rulemaking on February 24, 2011 to adopt new safety and reliability
regulations for natural gas transmission and distribution pipelines and related ratemaking
mechanisms. The Rulemaking is a forward-looking effort to establish a new model of natural
gas pipeline safety regulations for all pipelines in California. SDG&E and SoCalGas have over
4,000 miles of transmission lines that will be affected by the new regulations. SDG&E and
SoCalGas have developed their Implementation Plans as directed by the CPUC focusing first
on pipeline segments located in populated areas, with pipeline segments in other locations given
lower priority for pressure testing or replacement.

SDG&E REQUESTS A TOTAL INCREASE OF \$36.5 MILLION TO CARRY OUT THE
IMPLEMENTATION PLAN STARTING IN 2012

SDG&E is requesting a total revenue increase of \$36.5 million over the currently authorized
revenues for gas distribution and transmission service as approved in SDG&E's General
Rate Case, with the increase effective in 2012. SDG&E's Implementation Plan includes: the
replacement of natural gas pipelines; hydrostatic testing of natural gas pipelines; interim safety
enhancement measures; and consideration of retrofitting pipelines for in-line inspection tools
and where appropriate, improved shut-off valves.

ESTIMATED IMPACT OF THIS REQUEST ON GAS RATES

SDG&E has estimated the requested \$36.5 million increase in gas revenues under the
proposed rates as shown in the tables below. The actual distribution of the increase to each
customer class depends on how the CPUC ultimately decides all issues in the Rulemaking. The
illustrative rates shown below are for the first four (4) years of the Implementation Plan. Rate
impacts in subsequent years will be requested in the utility's General Rate Case application,
or another applicable proceeding. The actual distribution for the required revenues for those
future applications will be decided by the CPUC in that future proceeding.

Illustrative Revenue and Proposed Rate Increase Per Customer Class

Table with 4 columns: Customer Class, Annual \$ (million), % Increase. Rows include Residential, Small Commercial/Industrial, Natural Gas Vehicles, Non Core, Other, and Total.

If the CPUC approves SDG&E's request for a gas rate increase, the bill for a typical bundled
residential customer under the proposed rate allocation method using 33 therms per month
would increase \$2.92, or 7.5% percent, from \$38.76 to \$41.68. Individual customer bills may
differ. Rates would become effective in 2012.

FOR FURTHER INFORMATION

You may request additional information or obtain a copy of the Implementation Safety Plan
by writing to: Jeffery Salazar, Case Manager, 355 W. Fifth St., GT14D6, Los Angeles, CA
90013-1011. SDG&E will provide a copy of the Implementation Plan, including the public
testimony, upon request. SDG&E's Implementation Plan and attachments may be inspected
at the CPUC's Central Files Office, 505 Van Ness Ave., San Francisco, CA 94102. A copy
of the Implementation Plan and any amendments may be inspected at the SDG&E business
offices listed below:

- 436 H. St. Chula Vista, CA 91910
336 Euclid Ave. San Diego, CA 92114
104 N. Johnson Ave. El Cajon, CA 92020
449 Beech St. San Diego, CA 92101
644 W. Mission Ave. Escondido, CA 92025
2604 S. El Camino Real. Carlsbad, CA 92008
2405 Plaza Blvd. National City, CA 91950

CPUC PROCESS

The CPUC may hold Evidentiary Hearings (EHs) whereby parties of record provide testimony
and are subject to cross-examination before a CPUC Administrative Law Judge (ALJ). These
hearings are open to the public, but only those who are formal parties of record can participate.
The CPUC has its own court reporters who will record the comments of these formal parties of
record participating in the EHs. The Division of Ratepayer Advocates (DRA) is an independent
arm of the CPUC, created by the Legislature to represent the interests of all utility customers
throughout the state to obtain the lowest possible rates for service consistent with reliable and safe
throughout the state to obtain the lowest possible rates for service consistent with reliable and safe
service levels. DRA has a multi-disciplinary staff with expertise in economics, finance, accounting
and engineering. After considering all proposals and evidence presented during the formal
hearing process, the assigned ALJ will issue a proposed draft decision. When the CPUC issues
a final decision on the application, it may adopt, amend or modify all or part of the ALJ's proposed
decision as written. The CPUC's decision may be different than SDG&E's formal request.

If you would like additional information or would like to attend these hearings, you can contact
the Public Advisor's Office. You may also send your comments to the Public Advisors'
address, 320 West 4th St., Ste. 500, Los Angeles, CA 90013, or send an e-mail to: public
advisor.la@cpuc.ca.gov. Any correspondence received will become part of the formal file in
this rulemaking. Please reference Rulemaking No. R.11-02-019 in any correspondence.

**SAN DIEGO GAS & ELECTRIC COMPANY
 NOTICE OF PROPOSED CHANGE IN GAS RATES**

**PIPELINE SAFETY RULEMAKING IMPLEMENTATION PLANS
 RULEMAKING NO. R.11-02-019**

On August 26, 2011, San Diego Gas & Electric Company (SDG&E) and Southern California Gas Company (SoCalGas) jointly filed with the California Public Utilities Commission (CPUC) their Comprehensive Implementation Plan to replace or pressure test all their natural gas transmission pipelines that have not been tested or for which sufficient documentation of testing is not available. The CPUC ordered in Decision 11-06-017 dated June 9th that all California natural gas transmission pipeline operators prepare and submit their Implementation Plans for testing or replacing all transmission pipelines as soon as practicable. At the completion of the implementation period, all California natural gas transmission pipeline segments must be (1) pressure tested, (2) have traceable, verifiable, and complete records readily available, and (3) where warranted, be capable of accommodating in-line inspection devices.

The CPUC opened this Rulemaking on February 24, 2011 to adopt new safety and reliability regulations for natural gas transmission and distribution pipelines and related ratemaking mechanisms. The Rulemaking is a forward-looking effort to establish a new model of natural gas pipeline safety regulations for all pipelines in California. SDG&E and SoCalGas have over 4,000 miles of transmission lines that will be affected by the new regulations. SDG&E and SoCalGas have developed their Implementation Plans as directed by the CPUC focusing first on pipeline segments located in populated areas, with pipeline segments in other locations given lower priority for pressure testing or replacement.

SDG&E REQUESTS A TOTAL INCREASE OF \$36.5 MILLION TO CARRY OUT THE IMPLEMENTATION PLAN STARTING IN 2012

SDG&E is requesting a total revenue increase of \$36.5 million over the currently authorized revenues for gas distribution and transmission service as approved in SDG&E's General Rate Case, with the increase effective in 2012. SDG&E's Implementation Plan includes: the replacement of natural gas pipelines; hydrostatic testing of natural gas pipelines; interim safety enhancement measures; and consideration of retrofitting pipelines for in-line inspection tools and where appropriate, improved shut-off valves.

ESTIMATED IMPACT OF THIS REQUEST ON GAS RATES

SDG&E has estimated the requested \$36.5 million increase in gas revenues under the proposed rates as shown in the tables below. The actual distribution of the increase to each customer class depends on how the CPUC ultimately decides all issues in the Rulemaking. The illustrative rates shown below are for the first four (4) years of the Implementation Plan. Rate impacts in subsequent years will be requested in the utility's General Rate Case application, or another applicable proceeding. The actual distribution for the required revenues for those future applications will be decided by the CPUC in that future proceeding.

Illustrative Revenue and Proposed Rate Increase Per Customer Class

Customer Class	Annual \$ (million)	% Increase
Residential	\$28.2	12.8%
Small Commercial/Industrial	\$ 5.5	14.0%
Natural Gas Vehicles	\$ 0.2	11.6%
Non Core	\$ 2.6	10.4%
Other	\$ 0.0	0.0%
Total	\$36.5	12.6%

If the CPUC approves SDG&E's request for a gas rate increase, the bill for a typical bundled residential customer under the proposed rate allocation method using 33 therms per month would increase \$2.92, or 7.5% percent, from \$38.78 to \$41.68. Individual customer bills may differ. Rates would become effective in 2012.

SAN DIEGO GAS & ELECTRIC COMPANY NOTICE OF PROPOSED CHANGE IN GAS RATES PIPELINE SAFETY RULEMAKING IMPLEMENTATION PLANS RULEMAKING NO. R.11-02-019

On August 26, 2011, San Diego Gas & Electric Company (SDG&E®) and Southern California Gas Company (SoCalGas®) jointly filed with the California Public Utilities Commission (CPUC) their Comprehensive Implementation Plan to replace or pressure test all their natural gas transmission pipelines that have not been tested or for which sufficient documentation of testing is not available. The CPUC ordered in Decision 11-06-017 dated June 9th that all California natural gas transmission pipeline operators prepare and submit their Implementation Plans for testing or replacing all transmission pipelines as soon as practicable. At the completion of the implementation period, all California natural gas transmission pipeline segments must be (1) pressure tested, (2) have traceable, verifiable, and complete records readily available, and (3) where warranted, be capable of accommodating in-line inspection devices.

The CPUC opened this Rulemaking on February 24, 2011 to adopt new safety and reliability regulations for natural gas transmission and distribution pipelines and related ratemaking mechanisms. The Rulemaking is a forward-looking effort to establish a new model of natural gas pipeline safety regulations for all pipelines in California. SDG&E and SoCalGas have over 4,000 miles of transmission lines that will be affected by the new regulations. SDG&E and SoCalGas have developed their Implementation Plans as directed by the CPUC focusing first on pipeline segments located in populated areas, with pipeline segments in other locations given lower priority for pressure testing or replacement.

(Continued inside)

**SDG&E REQUESTS A TOTAL INCREASE OF
\$36.5 MILLION TO CARRY OUT THE IMPLEMENTATION
PLAN STARTING IN 2012**

SDG&E is requesting a total revenue increase of \$36.5 million over the currently authorized revenues for gas distribution and transmission service as approved in SDG&E's General Rate Case, with the increase effective in 2012. SDG&E's Implementation Plan includes: the replacement of natural gas pipelines; hydrostatic testing of natural gas pipelines; interim safety enhancement measures; and consideration of retrofitting pipelines for in-line inspection tools and where appropriate, improved shut-off valves.

ESTIMATED IMPACT OF THIS REQUEST ON GAS RATES

SDG&E has estimated the requested \$36.5 million increase in gas revenues under the proposed rates as shown in the tables below. The actual distribution of the increase to each customer class depends on how the CPUC ultimately decides all issues in the Rulemaking. The illustrative rates shown below are for the first four (4) years of the Implementation Plan. Rate impacts in subsequent years will be requested in the utility's General Rate Case application, or another applicable proceeding. The actual distribution for the required revenues for those future applications will be decided by the CPUC in that future proceeding.

**Illustrative Revenue and Proposed Rate Increase
Per Customer Class**

Customer Class	Annual \$ (million)	% Increase
Residential	\$ 28.2	12.8%
Small Commercial/ Industrial	\$ 5.5	14.0%
Natural Gas Vehicles	\$ 0.2	11.8%
Non Core	\$ 2.6	10.4%
Other	\$ 0.0	0.0%
Total	\$ 36.5	12.8%

If the CPUC approves SDG&E's request for a gas rate increase, the bill for a typical bundled residential customer under the proposed rate allocation method using 33 therms per month would increase \$2.92, or 7.5% percent, from **\$38.76 to \$41.68**. Individual customer bills may differ. **Rates would become effective in 2012.**

**SOUTHERN CALIFORNIA GAS
COMPANY**
NOTICE OF PROPOSED CHANGE IN GAS RATES
PIPELINE SAFETY RULEMAKING
IMPLEMENTATION PLANS
RULEMAKING NO. R.11-02-019

On August 26, 2011, Southern California Gas Company (SoCalGas®) and San Diego Gas & Electric Company® (SDG&E®) jointly filed with the California Public Utilities Commission (CPUC) their Comprehensive Implementation Plan to replace or pressure test all their natural gas transmission pipelines that have not been tested or for which sufficient documentation of testing is not available. The CPUC ordered in Decision 11-06-017 dated June 9th that all California natural gas transmission pipeline operators prepare and submit their Implementation Plans for testing or replacing all transmission pipelines as soon as practicable. At the completion of the implementation period, all California natural gas transmission pipeline segments must be (1) pressure tested, (2) have traceable, verifiable, and complete records readily available, and (3) where warranted, be capable of accommodating in-line inspection devices.

The CPUC opened this Rulemaking on February 24, 2011 to adopt new safety and reliability regulations for natural gas transmission and distribution pipelines and related ratemaking mechanisms. The Rulemaking is a forward-looking effort to establish a new model of natural gas pipeline safety regulations for all pipelines in California. SoCalGas and SDG&E have over 4,000 miles of transmission lines that will be affected by the new regulations. SoCalGas and SDG&E have developed their Implementation Plans as direct-

(Continued inside)

ed by the CPUC focusing first on pipeline segments located in populated areas, with pipeline segments in other locations given lower priority for pressure testing or replacement.

SOCALGAS REQUESTS A TOTAL INCREASE OF \$241.1 MILLION TO CARRY OUT THE IMPLEMENTATION PLAN STARTING IN 2012

SoCalGas is requesting a total revenue increase of \$241.1 million over the currently authorized revenues for gas distribution and transmission service as approved in SoCalGas' General Rate Case, with the increase effective in 2012. SoCalGas' Implementation Plan includes: the replacement of natural gas pipelines; hydrostatic testing of natural gas pipelines; interim safety enhancement measures; and consideration of retrofitting pipelines for in-line inspection tools and where appropriate, improved shut off valves.

ESTIMATED IMPACT OF THIS REQUEST ON GAS RATES

SoCalGas has estimated the requested \$241.1 million increase in gas revenues under the proposed rates as shown in the tables below. The actual distribution of the increase to each customer class depends on how the CPUC ultimately decides all issues in the Rulemaking. The Illustrative rates shown below are for the first four (4) years of the Implementation Plan. Rate impacts in subsequent years will be requested in the utility's General Rate Case application or another applicable proceeding. The actual distribution for the required revenues for those future applications will be decided by the CPUC in that future proceeding.

Illustrative Revenue and Proposed Rate Increase Per Customer Class:

Customer Class	Annual \$ (million)	% increase
Residential	\$184.8	13.9%
Small Commercial/Industrial	\$33.8	11.0%
Natural Gas Vehicles	\$1.2	11.6%
Noncore	\$21.0	11.8%
Other	\$0.2	12.2%
Total	\$241.1	13.2%

If the CPUC approves SoCalGas' request for a gas rate increase, the bill for a typical bundled residential customer under the proposed rate allocation method using 38 therms per month would increase \$2.92, or 7.5 percent, from \$39.08 to \$42.00. Individual customer bills may differ. Rates would become effective in 2012.

FOR FURTHER INFORMATION

You may request additional information by writing to: Jeffery Salazar, Southern California Gas Company, 555 W. Fifth St., GT14D6, Los Angeles, CA 90013-1011. SoCalGas' Implementation Plan and attachments may also be inspected at the CPUC office located at 505 Van Ness Ave., San Francisco, CA 94102.

Copies of this Rulemaking will be available for viewing and printing on the SoCalGas Web site at: socialgas.com/regulatory/cpuc.shtml.

Copies of this insert will be available for viewing and printing on the SoCalGas Web site at socialgas.com/regulatory/.

CPUC PROCESS

The CPUC may hold Evidentiary Hearings (EHs) whereby parties of record provide testimony and are subject to cross-examination before a CPUC Administrative Law Judge (ALJ). These hearings are open to the public, but only those who are formal parties of record can participate. The CPUC has its own court reporters who will record the comments of those formal parties of record participating in the EHs. The Division of Ratepayer Advocates (DRA) is an independent arm of the CPUC, created by the Legislature to represent the interests of all utility customers throughout the state to obtain the lowest possible rates for service consistent with reliable and safe service levels. DRA has a multi-disciplinary staff with expertise in economics, finance, accounting and engineering. After considering all proposals and evidence presented during the formal hearing process, the assigned ALJ will issue a proposed draft decision. When the CPUC issues a final decision on the application, it may adopt, amend or modify all or part of the ALJ's proposed decision as written. The CPUC's decision may be different than SoCalGas' formal request.

If you would like additional information or would like to attend these hearings, you can contact the Public Advisor's Office. You may also send your comments to the Public Advisors' address, 320 West 4th St., Ste. 500, Los Angeles, CA 90013 or send an e-mail to: public.advisor.la@cpuc.ca.gov. Any correspondence received will become part of the formal file in this rulemaking. Please reference Rulemaking No. R.11-02-019 in any correspondence.
