Advice 3896-E-A

(Pacific Gas and Electric Company ID U 39 M)

Public Utilities Commission of the State of California

Subject: Supplement to Annual Electric True-Up Filing - Change PG&E Electric Rates on January 1, 2012

Purpose

The purpose of this supplemental filing is to amend the Illustrative 2012 Rate Design and Resulting Rates section of Advice 3896-E.

Background

On September 1, 2011, Pacific Gas and Electric Company (PG&E) filed the Annual Electric True Up (AET) Advice 3896-E: (1) to establish 2012 electric rates for recovery of the balances in balancing accounts already approved for amortization in 2012 (listed in Table 1); (2) to establish the 2012 Energy Recovery Bonds Balancing Account revenue requirement; and (3) to provide a vehicle to consolidate authorized changes to PG&E's January 1, 2012 electric rates.

During the filing of this advice letter, there were uncertainties surrounding the extension of the Public Goods Charge (PGC) beyond December 31, 2011.¹ Advice 3896-E assumed that the PGC is not extended and that the energy efficiency portion of the PGC is recovered through procurement energy efficiency. Therefore, PG&E eliminated all components of the PGC and combined the electric Public Purpose Program Revenue Adjustment Mechanism (PPPRAM) funding for energy efficiency with the Procurement Energy Efficiency Revenue Adjustment Mechanism (PEERAM), thus reflecting a total PEERAM projected 2012 revenue of \$395,356,496 in Table 2 (Line 50) of Advice 3896-E. Because the approved allocation methodologies for PGC Energy Efficiency (EE) and procurement EE differ,² the allocation of combined funding for these two programs in the initial AET Advice 3896-E resulted in an incorrect representation of Public Purpose Program (PPP) rates at the schedule level, and

¹ The expiration of the PGC is being addressed in Phase III of Rulemaking 09-11-014 for energy efficiency and in Rulemaking 11-10-003 for other PGC-funded programs.

² The allocation methodologies for PGC EE and procurement EE were adopted by the CPUC in Decision 07-09-004, which approved PG&E's 2007 GRC Phase 2 revenue allocation and rate design settlement. See D.07-09-004, Appendix B, Section VII, Part 3(F) for a description of the approved PGC EE and Procurement EE allocation methodologies.

subsequently of total rates at the schedule level, in the illustrative 2012 Rate Design and Resulting Rates included in Advice 3896-E.

Proposed Amendments to Advice 3896-E

Without changing the overall revenue, PG&E proposes to adjust the public purpose program revenue for energy efficiency to maintain the PGC portion of funding in the PPPRAM and remove it from the PEERAM to retain the cost allocation for these separate revenue requirements as follows:

	Filed Advice 3896-E	Adjustment	Revised Advice 3896-E
PPPRAM	\$0	\$120,734,365	\$120,734,365
PEERAM	\$365,815,496	(\$120,734,365)	\$245,081,131
Total	\$365,815,496	\$0	\$365,815,496

Attachment 1 to this advice letter provides a comparison of the illustrative total rates at the schedule level in the AET as filed in Advice 3896-E with the illustrative total rates at the schedule level resulting from the adjusted revenue requirements as provided in the above table. As the attachment shows, average rates for individual schedules may increase or decrease due to the adjusted allocation described in this advice letter supplement, however total revenue remains unchanged from the original filing.

As stated in Advice 3896-E, PG&E will update its 2012 revenue and rates, including the electric funding for energy efficiency in the December supplement to Advice 3896-E, based on Commission action on pending proceedings and advice letters prior to the end of 2011.

Protests

Due to the limited scope of PG&E's supplemental filing, PG&E respectfully requests the protest period for this filing not be re-opened.

Effective Date

PG&E requests that this advice filing become effective on **January 1, 2012**, concurrently with the Commission's approval of Advice 3896-E, and by resolution no later than at the Commission's December 15, 2011 business meeting.
