Hi Cem,

I've attached an update on our QF Biomass contracts for your information. Please let me know if you have any questions.

Thanks,

[Redacted]

Yes that timeframe works for us.

Thank you,

Cem Turhal

Hi Cem,

Alice let me know that you were looking for an update on our Biomass QFs. I would be happy to provide that for you. However, several of our key staff are out of the office this week. I believe we can get you an update early next week. I hope that timeframe works for you.

Thanks,

[Redacted]

Hello [Red],

My name is Cem Turhal and I work in the CPUC. I recently emailed Tom regarding a data update on your Biomass facilities and his out of office reply stated that I should contact you.

I am looking for a data update on the biomass facilities in PG&E. The attached xls above is the biomass update we received from you in July 2011 and now we are looking for a second update on you Biomass portfolio. Please feel free to call me with any questions or comments.

Cheers,

Cem Turhal

Subject: PG&E Biomass Update

Hello Tom,

Hope all is well. I have recently been asked to present an updated version of the PG&E Biomass facilities xls (see attached above) to some of our folks here in the CPUC. Could you please let me know who the right person might be to speak to about getting that data update?

Cheers,

Cem

Hi Jennifer,

Please find our responses to your questions below. Please note that the file sent to you on Friday, July 22 had an error in it. The row with Count number 8 [the second Sierra Pacific Ind. (Burney)] was a typo. We have deleted that row and replaced it with Covanta Mendota (which is Count number 3 in the attached file). We also added Column F "Historical All-in Price (\$/MWh) and Column G "Requested All-in Energy and Capacity Price" per your request. Pursuant to your conversation earlier today with David Poster, I will send you our confidentiality declaration and matrix (as required under D.08-04-023 and D.06-06-066) tomorrow under separate cover.

In addition, I am enclosing our response to your various clarifying questions below. After reviewing the attached, please let me know if you have any questions.

Thanks,

Tom

Q. I apologize for the multiple emails on this. However, I need to request an additional piece of information. That is, could you please provide the name of the independent evaluator for each of these contract negotiations as well.

Lewis Hashimoto from Arroyo Seco Consulting is the Independent Evaluator.

2. If the facilities are not currently being paid on the IEP fixed-price settlement (i.e. if Column H lists "No"), is it correct to assume that they are getting paid SRAC for energy deliveries? If not, what are their energy payments? What is the current SRAC?

Redacted

Redacted

Redacted

The monthly SRAC for July is .044534.

3. Can you please send the MWh operating capacity of these facilities (average of production over past three years or another estimate along those lines would be acceptable)?

Subject: RE: follow-up

Hi Tom,

Thank you for sending this. I have a few questions on the attached:

1. The attached shows that currently there are 11 facilities for a total of 260 MW currently on the IEP Settlement. I had thought that there were 17 biomass facilities - around 340 MW - originally on the IEP Settlement. Were DG Fairhaven and Mt. Lassen originally on the IEP Settlement? Any others?

2. If the facilities are not currently being paid on the IEP fixed-price settlement (i.e. if Column H lists "No"), is it correct to assume that they are getting paid SRAC for energy deliveries? If not, what are their energy payments? What is the current SRAC?

3. Can you please send the MWh operating capacity of these facilities (average of production over past three years or another estimate along those lines would be acceptable)?

Please reply with this information by the end of the day. I understand that this is limited time but I am presuming that you have most of this information on hand. If you cannot meet this deadline, please give me a call to discuss.

Best,

Jen

Jennifer:

Please find attached our response to the information you requested earlier today from [Redacted], which contains commercially sensitive information that should be treated as confidential under D.06-06-066 and Section 583 of the Public Utilities Code. In addition, the information contained in the attached excel spreadsheet is proprietary customer information provided to PG&E in confidence and would be against the public interest if inadvertently or intentionally disclosed.

Please let me know if you have any questions. Thanks!

Regards,
[Redacted]

Thanks again, [Redacted] for all your help on the biomass issue. If you can get me information this afternoon

yet, that would be most helpful.

Best,

Jen
