No.	Complaint Date	Customer Name	Account	Service City	Status	Explanation of Complaint Closure
1	9/30/11	{Redacted}	4254217182	LIVE OAK	Closed	Bill was Estimated. Customer states her bills have increased since installation of her SmartMeter (SM). Customer initiated service on 12/14/02; electric SM was installed on 6/24/10. Investigation determined that SM did not transmit reads for two months (8/06/10-10/1/10 and 7/20/11-09/24/11). During this time, electric usage was estimated with a resulting high bill. To resolve this issue, PG&E obtained a field-verified meter read and billed the customer according to actual usage. In addition, PG&E was able to retroactively apply an electric medical baseline for a credit adjustment of \$339.76. PG&E is also installing another antenna to improve SM network reception in {Redacted} area. Meanwhile, PG&E will obtain meter reads in the neighborhood through meter reader reads.

*This Report tracks high-bill complaints from customers who state that their high bill is related in some way to the installation of a SmartMeter™ device.
