Subject: Re: L132/Woodside site visit today

...if you need to go earlier, let me know. I'm sure it is do-able, but Ben is in Walnut Creek now so we just need to give him some travel time....

Hi Paul,

Ben Campbell, who is the Director overseeing the 2011 Hydrotesting Program, can meet you at the Woodside hydrotest site this afternoon any time after 2:00. Will that work? Precise locational and logistical information to come in the next hour, including Ben's contact info, but I do want to give you a heads up that there's about 3/4 of a mile of walking involved to the site from the parking area that they have in mind. Let us know when would work. thanks,

Trina
