DEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Order Instituting Rulemaking on the Commission's Own Motion to Adopt New Safety and Reliability Regulations for Natural Gas Transmission and Distribution Pipelines and Related Ratemaking Mechanisms

R.11-02-019 (Filed February 24, 2009)

MOTION OF SOUTHERN CALIFORNIA INDICATED PRODUCERS FOR PARTY STATUS

I. INTRODUCTION

Pursuant to Rule 1.4 of the California Public Utilities Commission's Rules of Practice and Procedure, the Southern California Indicated Producers (SCIP)¹ respectfully moves to become a party in the above-captioned rulemaking. The SCIP are to be distinguished from the Northern California Indicated Producers, who are located in the service territory of Southern California Gas Company and also seek, under a separate motion, to become a party to this proceeding.²

II. COMMUNICATIONS

Communications and correspondence regarding this proceeding should be directed to the following individuals:

Evelyn Kahl Seema Srinivasan Alcantar & Kahl LLP 33 New Montgomery Street Suite 1850 San Francisco, CA 94105

Member companies include ConocoPhillips Company, Chevron U.S.A. Inc., and Exxon Mobil Gas Corporation.

Member companies included within the Northern California Indicated Producers will differ from the companies that comprise the SCIP.

III. DESCRIPTION OF PARTY

The SCIP consume natural gas at their oil and gas production and petroleum refining operations. These operations will be affected by rate increases and potential service disruptions under SoCalGas' pipeline safety enhancement plan (PSEP). The SCIP also engage in the marketing and transportation of natural gas in the SoCalGas/SDG&E service territory.

IV. STATEMENT OF INTEREST

SoCalGas' PSEP, filed on August 26, 2011, has the potential to significantly increase customer costs and cause system disruptions. SoCalGas' PSEP anticipates incremental expenditures exceeding \$2 billion in the first phase of upgrade efforts alone. The resulting revenue requirement and rate design decisions made in this proceeding will directly impact the SCIP. In addition, the service disruptions caused by anticipated upgrade efforts are likely to impact the SCIP's business operations. The interests of the SCIP are not represented by any other party in this case.

V. CONCLUSION

The SCIP respectfully requests that the Commission grant this motion for party status.

Respectfully submitted,

Evelyn Kahl Seema Srinivasan
