**AGREEMENT FOR THE PLASTIC CARD
“SELF READ” METER READING PROGRAM**

The «Meter» meter(s) must be read and the plastic card displayed with the actual reading(s) each month.

The plastic card should be placed in the agreed-upon location two days before the scheduled read date and remain displayed for at least one day following the scheduled read date. An annual Meter Reading Schedule will be enclosed with the plastic card. It will show the actual scheduled reading date. We may occasionally be reading in your area one day earlier or one day later than the scheduled date.

It is a requirement that PG&E periodically inspect its facilities and obtain a reading. A condition of service is that PG&E has access to our facilities at all verification purposes; usually this will take place on the scheduled read date. ***We “do not” make appointments for these verifications. Please make every effort to make the meters accessible on the read date.***

Failure to comply with the above conditions will result in the termination of this agreement. It will then be necessary to make arrangements for the meter reader to gain access to the meter on a monthly basis.

The plastic card must be returned if you plan to discontinue this program for any reason.

I understand the above conditions for participating in the plastic card “Self Read” Meter Reading Program and will comply with them.
