Subject: FW: Biomass Contract Renegotiations

Hi Meredith,

I know you are working on my earlier request. If you can also provide a list of contracts for the CEC that includes only public information that would help me answer my CEC colleague's question below. He administers the subsidy program.

Thanks,

Judith C. Iklé

Subject: Biomass Contract Renegotiations

...This is of interest to me because I manage the subsidy program that provides incentive payments to many of these facilities. These payments are tied to the amount paid by the utility for generation. Is it possible to get a list of the biomass contracts that are being reviewed by the CPUC? I am hoping that this is not confidential information. I do not need the new contract price, just the facility names.

Thank you for help!

Garry
