Subject: Fwd: Energy Division Supply Side Procurement Database Data Request

Folks,

I understand ED issued a big data request yesterday to gather information on a variety of procurement contracts. They intend to use your responses to populate a new database on the IOUs procurement contracts. I believe they will update the database on a quarterly basis and will require regular input from your teams to keep the database up to date.

Commissioner Florio and I are optimistic that this database will be a very useful tool for the Commission, giving us new analytic capabilities and insight into electric procurement trends.

Dear Advisors,

Attached are the data requests issued today to each IOU in order to begin populating the supply side procurement database. This is the same project that the Energy Division sent out briefing materials on and presented today at 2pm. Please let us know if you have any questions.

We appreciate your support.

Best,

Cem Turhal

Dear Kari Kloberdanz,

Energy Division is issuing the attached data request due December 30, 2011.
There are five attachments;
