Subject: Supply-Side Procurement Database.

This data request covers a variety of contracted and utility owned generation resources across the conventional, combined heat and power & qualifying facilities, and renewable portfolio standard programs. Responses are due December 30, 2011. As detailed below, please direct all inquiries to Cem Turhal at the contact information listed above.

Please provide the following items in the attached Excel Spreadsheet:

1. Renewable Portfolio Standard information from the Project Development Status Report filed in March 2011.
2. Combined Heat and Power and Qualifying Facilities information for units under contract during calendar Quarter 1, 2011.
3. Other generation types not included in the above two categories for units or contracts active during calendar Quarter 1, 2011.
 - Only include contracts with 1 year or more duration.
 - Include all operational utility owned generation.
 - This includes non-RPS-eligible hydro
4. Specific details as to the fields required are included on the “instructions” tab, with definitions on the “definitions” tab.

Provide two copies of your response to the listed contact no later than the due date identified above. If you will be unable to meet the above deadline, or need to discuss the content of this request, please call the originator or the Project Coordinator at the number(s) shown above. If you are unable to provide the information by the due date, please provide a written explanation to the data request originator fourteen calendar days before the due date as to why the response date cannot be met and your best estimate of when the information can be provided. Please identify the person who provides the response and his (her) phone number. Provide electronic responses. If a document is available in Excel do not send it as a PDF file. All data responses except for the confidentiality declarations must be provided in the attached Excel spreadsheet.

Thank you for your prompt response,

Cem Turhal
