# MONTHLY REPORT OF SOUTHERN CALIFORNIA GAS COMPANY (U 904 G) ON LOW-INCOME ASSISTANCE PROGRAMS FOR OCTOBER 2011

This is the tenth monthly report of program year (PY) 2011. The purpose of this report is to consolidate activity for the CARE Program and Energy Savings Assistance Program and provide the Energy Division with all the necessary information to assist in analyzing the low-income programs.

This report presents year-to-date Energy Savings Assistance Program and CARE results and expenditures through October 2011 for Southern California Gas Company (SoCalGas).

Respectfully Submitted

/s/ Kim F. Hassan

#### **ENERGY SAVINGS ASSISTANCE PROGRAM MONTHLY REPORT**

#### 1. Energy Savings Assistance Program Executive Summary

#### 1.1. Energy Savings Assistance Program Overview

**1.1.1.** Provide a summary of the Energy Savings Assistance Program elements as approved in Decision (D.) 08-11-031:

Program Summary through Month 10								
	Authorized / Planning							
	Assumptions	Actual to Date	%					
Budget	\$78,256,269	\$74,913,502	96%					
Homes Treated	145,874	120,437	83%					
kWh Saved	N/A	N/A	N/A					
kW Demand								
Reduced	N/A	N/A	N/A					
Therms Saved	3,345,967	4,019,107	120%					

During the month of October, SoCalGas and its Energy Savings Assistance Program contractor network continued to work diligently on managing the heightened workflow that the 2009-11 program cycle demands. As exhibited in the first ten months of 2011, SoCalGas and its Energy Savings Assistance Program contractors increased the number of homes treated, processed and paid in October 2011 by 37% as compared with the same 10 month period of 2010.

In October, SoCalGas processed and paid contractor invoices for 13,931 treated homes. SoCalGas also paid for the installation of weatherization measures in 12,758 homes. Energy Savings Assistance Program contractors serviced or replaced 1,658 appliances, which included 1,426 furnace repairs/replacements, 165 water heater replacements, and 67 high efficiency clothes washers.

Current efforts by SoCalGas and its Energy Savings Assistance Program contractor network have resulted in a total homes treated count that is 83% of the 2011 goal through October.

During October, SoCalGas reached the authorized funding levels for the Training Center budget category (See ESAP Table 1). The training center budget has reached its funding level due to the addition of 5-day Natural Gas Appliance Testing (NGAT) training classes. In late 2009, SoCalGas added the 5-day NGAT training to increase the technical expertise of weatherization installation crews in the areas of gas appliance services and NGAT. The NGAT training of weatherization crews also contributed to a higher quality of home assessments which increased enrollments.

SoCalGas will utilize unspent funds from 2009 and 2010 for the increased costs incurred for the Training Center category. SoCalGas' ability to utilize unspent funds from previous program years is in compliance with the rules set forth in D.08-11-031 and as modified by D.10-10-008.

#### 1.2 Whole Neighborhood Approach Evaluation

**1.2.1** Provide a summary of the geographic and customer segmentation strategy employed, (i.e. tools and analysis used to segment "neighborhoods," how neighborhoods are segmented and how this information is communicated to the contractor/CBO).

In October, SoCalGas combined efforts to provide its Energy Savings Assistance Program contractor network with an additional 203 canvassing lists using the Whole Neighborhood Approach (WNA) strategy. SoCalGas continues to offer its contractors flexibility in the planning, timing and completion of their WNA efforts.

-

<sup>&</sup>lt;sup>1</sup> Section 20 and O.P. 85, as modified by D. 10-10-008

This approach, in conjunction with SoCalGas oversight and guidance, allows contractors to customize their activities to meet the needs of each neighborhood as well as the needs of each customer. Contractors are asked to document all facets of each WNA effort such as: total number of completed homes; the number of customers who decline the program; successful canvassing and / or marketing efforts; and, any information that can help increase eligible customer enrollments. This detailed accounting serves to assist both the contractors and SoCalGas with future WNA activities. Additionally, smaller geographic focus of Zip+7 areas, coupled with tracking methods take into account the amount of time contractors spend working in an area and allow SoCalGas to better monitor the success of Energy Savings Assistance Program activities from a whole neighborhood perspective. The tracking methods include detailed instructions to contractors regarding data entry in the HEAT System<sup>2</sup>, both pre- and postcanvassing, to ensure specific information is captured. This information will be used to help SoCalGas distinguish WNA efforts from routine canvassing and also capture the disposition of WNA leads that do not result in an enrollment, (i.e., "unable to contact," and "customer refused").

The canvassing lists generated in October were initiated in new Zip+7 areas, not previously targeted for WNA efforts (see table below for areas). Collectively, the canvassing lists identified an additional 42,165 customer addresses, of which 25,808 (61%) are potentially eligible based on Energy Savings Assistance Program income eligibility criteria. Additionally, based on SoCalGas data, 18,542 of the 42,165 (44%) addresses are in targeted self-certification PRIZM codes.<sup>3</sup>

\_

<sup>&</sup>lt;sup>2</sup> The HEAT System is SoCalGas' Energy Savings Assistance Program database used to track program activity and expenditures.

<sup>&</sup>lt;sup>3</sup> Prizm codes are an area set of customer segmentation data widely used for marketing purposes in the United States. The data consist of demographic clusters that categorize every U.S. household into a segment. These segments were developed in part from the analysis of U.S. census data and categorize U.S. consumers into 14 distinct groups and 66 segments. The segments help marketers tailor content to consumers' needs and look at a variety of factors, including income, likes, dislikes, lifestyles and purchase behaviors.

Number of WNA Events per City	Contractor
Santa Maria – 22	Community Action Partnership of
	San Luis Obispo
Hemet – 19	EASE of California
Los Angeles – 6; Long Beach – 1	Reliable Energy Management
	Company
Tehachapi – 7	Staples and Associates
Hemet – 5; Homeland – 6; Perris – 13;	
Porterville – 38; San Bernardino – 2; Sun	Synergy Companies
City – 2; Tulare – 32	
South Gate – 4; Santa Ana – 46	The East Los Angeles Community
	Union

Through October, SoCalGas and its Energy Savings Assistance Program contractors treated 3,739 homes through WNA activities.

# 1.3. Energy Savings Assistance Program Customer Outreach and Enrollment Update

**1.3.1** Provide a summary of the Energy Savings Assistance Program outreach and enrollment strategies deployed this month.

## **Energy Savings Assistance Program Bill inserts/onserts**

In October, 4.6 million bill inserts customers were targeted to receive information in their monthly bill. The bill insert had several topics including safety and special assistance to customers who need it most. The article titled "Save on Heating with tips and special assistance" informed customers on the Energy Savings Assistance Program available to renters and homeowners. Customers were directed to socalgas.com website and provided the toll free telephone number for more information.

## **Energy Savings Assistance Program Direct Mailings**

During the month of October, SoCalGas launched a direct mail campaign targeting eligible CARE residential customers in the counties of Imperial, Kern, Los Angeles, Orange, Riverside, San Bernardino, San Luis Obispo and Santa Barbara. The letter was developed to include information about the Energy Savings Assistance Program and directed customers to sign up for the program

by visiting the SoCalGas website or calling a toll free telephone number. The campaign generated over 74,480 personalized letters in English and Spanish to existing CARE customers in the following zip codes: 93280, 91006, 93552, 91103, 90604, 90280, 91501, 91204, 91604, 93551, 91504, 92867, 92706, 92831, 92705, 92832, 92868, 92585, 92270, 92570, 92592, 92595, 92225, 92584, 93405 and 93422.

#### **Energy Savings Assistance Program Outbound Dialing**

Two Automated Voice Messaging Campaigns (AVM) launched in October to 80,095 residential CARE customers throughout SoCalGas' service territory. As a result of this campaign, there were 6,047 Energy Savings Assistance Program leads generated. SoCalGas will continue to use AVM campaigns throughout 2011 as another method to reach out and encourage customers to enroll in the Energy Savings Assistance Program.

#### **Energy Savings Assistance Program Web Activities**

In October, 7,200 customers with e-mail access were sent an e-mail promoting the Energy Savings Assistance Program. Also, 33,700 new SoCalGas customers received a welcome e-mail from SoCalGas. In addition to general information, the e-mail also included information about SoCalGas' assistance programs and encouraged customers to apply for Energy Savings Assistance Program's no-cost home improvements. For customer convenience, a direct link to SoCalGas' on-line Energy Savings Assistance Program request (lead) form was imbedded in the e-mail. As of October 31<sup>st</sup>, 1,869 customers completed on-line English Energy Savings Assistance Program request forms.

#### **Ethnic and Mass Media Campaign**

SoCalGas will conduct a month long ethnic and mass media campaign targeting potential eligible low income English, African American and Asian customers.

The Asian component of the campaign will target Chinese, Korean, Vietnamese and Filipino customers via direct mail and through the online channel.

**1.3.2** Customer Assistance Events and Public Affairs/Public Relations Activities for the CARE and Energy Savings Assistance Program.

#### October 1, 2011 – Disabilities Sports Festival in San Bernardino

SoCalGas participated in the 5<sup>th</sup> Annual Disabilities Sports Festival hosted by California State University – San Bernardino. The one-day sports and physical activity event was a kickoff for the National Disabilities Awareness Month. Throughout the festival, people of all ages and disabilities participated in a multitude of sports including wheelchair basketball, hand cycling and wall climbing led by recognized Paralympics coaches and teachers. Approximately 1,500 people attended the event with over 700 participants in the sports events and 300 customers visiting SoCalGas' booth to sign up and get information about CARE, Energy Savings Assistance Program and SoCalGas' Medical Baseline program.

## October 15, 2011 - The 6<sup>th</sup> Annual Taste of Soul Los Angeles County

SoCalGas participated in the 6<sup>th</sup> Annual Taste of Soul Festival in Los Angeles. The event took place on Crenshaw Boulevard between Martin Luther King Jr. Boulevard and Rodeo Road. It was estimated that over 100,000 people attended the event and were able to walk freely back and forth between multiple stages of entertainment and hundreds of vendors and exhibitors. This popular event was presented by Los Angeles Sentinel Newspaper and benefiting the South Los Angeles non-profit organizations Mothers in Action and the Brotherhood Crusade. The Taste of Soul was represented by Council members Bernard Parks Sr and Herb Wesson Jr. SoCalGas hosted a booth and presented information on its CARE and Energy Savings Assistance Program. Over 1,500 brochures were distributed to interested parties.

#### October 15, 2011 - Santa Maria Neighborhood Outreach Event

SoCalGas held a neighborhood outreach event and news conference in Santa Maria with California State Senator Sam Blakeslee, California State Assemblyman Katcho Achadjian and Santa Barbra County Supervisor Steve Lavagnino. The purpose of the event was to promote no-cost energy-efficiency weatherization services through the Energy Savings Assistance Program and bill-assistance programs to the community in an effort to help families cut costs during these hard economic times. At the event, two SoCalGas customers received no-cost energy-efficient services. Both families also qualified for a 20-percent discount on their natural gas bill as part of SoCalGas' CARE program. Over 250 residents attended the neighborhood fair sponsored by SoCalGas at the Atkinson Community Center in Santa Maria.

#### October 22, 2011 - Community Wellness Health Fair

SoCalGas' participated in a community wellness heath fair at the Robert F. Kennedy Community School in Los Angeles. SoCalGas ran a booth and presented information on its CARE, Energy Savings Assistance Program and Energy Efficiency Programs to interested customers. The ethnic breakdown of the customers who stopped by to receive customer assistance information was 60% Spanish, 30% Asian and 10% African American and other. The information provided to customers was in English and Spanish, Chinese, Vietnamese and Korean. Approximately 4,000 people attended this event and 500 customers visited SoCalGas' booth to inquire about its low-income programs.

# October 29, 2011 <u>First Annual Community Partners in Action to Make a</u> Difference Day Event

SoCalGas Regional Public Affairs and SoCalGas Customer Assistance represented SoCalGas at the Community Action Partnership of San Bernardino County (CAPSBC). SoCalGas hosted a booth and provided information and addressed questions regarding SoCalGas' customer assistance programs. More than 1,500 residents from the cities San Bernardino, Colton and Highland

stopped by the booth for CARE and Energy Savings Assistance Program information, well as information pertaining to utility bill assistance.

#### 1.4. Leveraging Success Evaluation, Including CSD

**1.4.1** Please provide a status of the leveraging effort with CSD. What new steps or programs have been implemented? What was the result in terms of new enrollments?

There are no updates from leveraging with CSD for the month of October. SoCalGas will continue to monitor discussions between CSD, CPUC and other utilities for closer collaboration and leveraging with CSD.

SoCalGas continues its efforts to meet with various municipal utilities that provide electric and water services to customers in SoCalGas' service territory to identify opportunities to leverage one another's low-income energy efficiency programs in PY2011.

Imperial Irrigation District (IID) and SoCalGas continue to canvass joint territory for the Energy Savings Assistance Program leveraging agreement. SoCalGas is monitoring the efforts and will document results in a future report.

In addition, SoCalGas and Burbank Water and Power (BWP) also continue to canvass joint territory and will report results accordingly.

SoCalGas and Eastern Municipal Water District (EMWD) have completed a leveraging agreement where EMWD provides a rebate to SoCalGas for every High Efficiency Clothes Washer installed within the two utilities' joint service territory under SoCalGas' Energy Savings Assistance Program. Initial installations under the signed agreement began in December 2010 and have continued throughout 2011. As a result of this agreement SoCalGas' Energy

Savings Assistance Program has received rebates totaling more than \$116,000 for High Efficiency Clothes Washers installed in SoCalGas and EMWD joint service territory thus far.

#### 1.5. Workforce Education & Training

**1.5.1** Please summarize efforts to improve and expand Energy Savings Assistance Program workforce education and training. Describe steps taken to hire and train low-income workers and how such efforts differ from prior program years.

SoCalGas continued its internal training programs which contribute to the goals of workforce development. SoCalGas provides two areas of training: 1) Enrollment and Assessment (E&A) and 2) Energy Savings Assistance Program Operations. The Year-to-Date results are shown in the following tables:

SoCalGas Skill-Level Test Results												
	June	July	August	September	October	YTD Total						
Attended Testing 99 6 41 38 35 435												
Passed Test 76 6 40 37 32 331												
Pass Rate												

After successful completion of the Skill Level Test, the potential outreach specialist attends a mandatory 5-day class which reviews the requirements for enrollment, assessment and in-home education.

SoCalGas Enrollment and Assessment Training											
June July August September October YTD Tot											
Attended Class	27	21	22	30	34	269					
Passed Class	26	21	22	30	32	262					
Badged	26	21	22	30	32	254					
Census Attendees	1	2	3	3	0	23					
Retention Rate	96.3%	100%	100%	100%	94.1%	94.4%					

The 5-day class covers utility-specific items related to policies, security process and overall customer service standards as well as for leveraging opportunities amongst other low-income programs. A final exam must be passed for an outreach specialist to be registered and receive a SoCalGas identification badge. The year-to-date total for badged outreach specialists for SoCalGas is 254. The classes are held at SoCalGas' Energy Resource Center located in Downey, California.

SoCalGas continues to see the participation of previous U.S Census employees with its E&A contractors for Energy Savings Assistance Program outreach. As of October 2011, there are a total of 23 previous U.S. Census employees who successfully attended and passed SoCalGas' outreach and assessment training.

SoCalGas field operations training includes initial training for new participants in weatherization, inspections, HVAC and NGAT. SoCalGas also provides refresher training primarily to address contractor issues and discuss new measures and procedures that have been implemented into the program. The class sizes range from 5 – 35 technicians. The table below shows the number of students that have attended class in 2011.

	Jul	у	Aug	gust	Septe	ember	Oct	ober	YTD	Total
Class Type	No of Classes	No of Students								
Initial	7	28	6	14	4	22	2	8	54	225
Refreshers	0	0	1	12	0	0	0	0	10	86
NGAT 5-Day	ay 1 14 1 12 0		0	0	2	3	13	135		
Grand Total	otal 8 42 8 38 4		22	4	11	77	446			

# 2. CARE Executive Summary

# 2.1. CARE Program Summary

**2.1.1.** Please provide CARE program summary costs.

CARE Budget Categories	Authorized Budget	Actual Expenses to Date	% of Budget Spent
3 3	<u>_</u>		•
Outreach	\$3,785,932	\$2,083,614	55%
Proc., Certification and			
Verification	\$1,248,928	\$1,068,353	86%
Information			
Tech./Programming (1)	\$522,554	\$426,761	82%
Pilots (2)	N/A	N/A	N/A
Measurement and Evaluation	\$17,192	\$0	0%
Regulatory Compliance	\$236,919	\$211,179	89%
General Administration	\$604,963	\$482,734	80%
CPUC Energy Division Staff	\$171,500	\$37,331	22%
Cooling Centers (3)	N/A	N/A	N/A
Total Expenses	\$6,587,988	\$4,309,972	65%
Subsidies and Benefits (4)	\$135,901,649	\$101,455,146	71%
Total Program Costs and			
Discounts	\$142,489,637	\$105,765,118	74%

## **2.1.2.** Please provide the CARE program penetration rate to date.

	CARE Penetration	
Participants Enrolled	Eligible Participants	Penetration rate
1,718,091	1,845,296	93.0%

#### 2.2 Outreach

**2.2.1** Discuss utility outreach activities and those undertaken by third parties on the utility's behalf. (For additional CARE Outreach see section 1.3.2.)

#### **CARE Telephone Enrollments and Recertification**

During the month of October SoCalGas conducted two telephone campaigns; a campaign to CARE customers whose enrollment was about to expire (prerecertification) and a campaign to customers who were not on the CARE rate (self-certification). The prerecertification campaign called 13,348 customers who needed to recertify their eligibility; 3,677 recertified their eligibility for the program. The self-certification telephone campaign called 46,055 potential CARE customers; 370 enrolled in the CARE program.

#### **CARE Web Activity & Enrollments**

During October, SoCalGas approved 1,555 applications through its internet-based outreach activities. Customers use the online application due to several, possible outreach tactics: Almost all print collateral directs customers to the socalgas.com website; monthly email campaigns target potential customers and direct them to the website; and targeted Internet advertisements link the viewer directly to the company website.

## CARE Third-Party Enrollments & Outreach

As a result of the high unemployment rates, SoCalGas' third party contractors have been canvassing targeted neighborhoods. During the month of October, door-to-door outreach enrolled 1,736 hard-to-reach customers, who for a variety

of reasons have been non-responsive to other outreach methods. 27,168 customers have been enrolled year-to-date through door-to-door outreach.

Additionally, as a result of an agreement between SoCalGas and 211 LA County, 211 continues to refer interested, potentially eligible callers to SoCalGas' CARE program as well as promote CARE and other SoCalGas assistance programs at select events. During October, 211 LA County represented SoCalGas at 6 events with an estimated total attendance of 1,670. The 211 LA County call center handled 72 calls for SoCalGas (59 in English, 7 Spanish, 6 Asian languages).

#### **CARE Direct Mail Activity and Enrollments**

During October approximately 30,000 direct mail applications were sent to customers who were deemed likely candidates for the CARE program.

#### **CARE Bill Inserts**

In July, a bill insert (and CARE application form) announced the revised eligibility guidelines that went into effect on June 1<sup>st</sup>, 2011. In October, a bill insert was mailed to all Residential customers not on the CARE Rate (approximately 2.9 bill inserts), which reinforced the July bill insert. Thus far, there have been 8,444 approved applications through the bill insert channel – with a spike since July (3,405 in August; 7,153 in September; 2,321 in October). Further enrollments from the October bill insert are expected in November and December and will be reported.

#### **CARE Mass Media Campaign**

During the summer an integrated, customer assistance mass media campaign targeted the following customers: Adults 18-54, 65 and over; limited incorme or recently unemployed; general market, Hispanic market, seniors and disabled. Communications used Internet tactics to address the need for specific targets.

For example, ads were placed on targeted Spanish language web pages, youth-oriented web pages, and, web pages known to have many visitors who are seniors. Hispanic market web ads elicited 13,000 landing page visits with a click-through rate of 0.19%, which is 3 times higher than the industry standard. More than 250 CARE applications were processed. A similar campaign is scheduled for November.

**2.2.2.** Describe the efforts taken to reach and coordinate the CARE program with other related programs to reach eligible customer.

To ensure continued increases in CARE enrollments and to retain customers already participating in CARE, SoCalGas shares customer information with other utilities such as Southern California Edison, San Diego Gas & Electric, Pacific Gas and Electric, and the Los Angeles Department of Water and Power. During the month of October, 10,415 customers were enrolled in SoCalGas' CARE program as a result of inter-utility data sharing activities. Additionally, CARE shares data with internal programs such as SoCalGas' Energy Savings Assistance Program and the Gas Assistance Fund. Intra-utility efforts in October generated 1,066 CARE enrollments.

Coordinating the CARE program with other related low-income programs not only results in higher program participation rates, it also helps increase Post Enrollment Verification ("PEV") activities when customer information is shared with programs such as LIHEAP. Since LIHEAP requires upfront proof of income and is a qualifying Categorically Eligible program, once CARE receives LIHEAP customer data, those customers are considered automatically eligible and their "pre enrollment verification" is used by SoCalGas to meet CARE's PEV requirements. As a result of leveraging activities during October 2011, 225 LIHEAP customers were enrolled in SoCalGas' CARE program.

#### 2.3 CARE Recertification Complaints

There were no recertification complaints during the month of October.

#### 3. Appendix Energy Savings Assistance Program Tables and CARE Tables

20 1 Enrollments via data sharing between the IOUs.

21 <sup>2</sup> Enrollments via data sharing between departments and/or programs within the utility.

<sup>3</sup> Enrollments via data sharing with programs outside the IOU that serve low-income customers.

One-E-App is a pilot program set up by The Center to Promote Healthcare Access (the Center) and PG&E. The pilot will occur within two PG&E counties and looks to implement a strategy of automatic enrollment for low-income customers into the CARE program based on the customers' applications or reapplications for related low-income health and social welfare services. (e.g. MediCAL, Healthy Familys, CALKids, etc.) The goal is to develop another means by which low income families can be introduced into the CARE program and, depending on the success of the pilot, possibly expand this pilot to other counties within PG&E's territory as well as to the other IOUs.

24 S Not including Recertification.

25 Recertifications completed regardless of month requested.

The drop offs include self-declined applications, ineligible applications and closed CARE accounts.

27 Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments.
