Please note that certain discovery requests contain sensitive personal information pertaining to PG&E employees, such as employee names and identifications, and critical infrastructure information not normally provided to the general public. Federal policy by the Department of Homeland Security and by other federal, state and local agencies limits gas pipeline valve and regulator and station information from public disclosure for national security reasons pursuant to the Critical Infrastructures Information Act of 2002, 6 U.S.C. §§131-134 ("CIIA").
