Subject: Wednesday's Meeting

Sunil,

As a follow-up to our call, I am happy to report that the team has made themselves available to start at 12:00 PM.

Further, [Redacted] is in the process of setting up parking for you. The parking lot is likely to be 50 Main Street, but she will follow up with directions. She will also be meeting you on the ground floor to bring you through security and up to the meeting room. She is cc:ed on this email. Her email is [Redacted] and phone [Redacted]

Please provide Katie the names of the folks coming to the meeting by early tomorrow morning so she can pre-check them in.

And just to recap logistics:

- Meeting Location: PG&E offices at 77 Beale Street (parking entrance will likely be on the back street – 50 Main Street)

- Time: 12:00 PM to 4:00 PM

- CPUC Attendees: Sunil Shori, 2 consultants, and one other CPSD person (tentative) will be coming tomorrow. Sunil will provide their names later this afternoon/tomorrow morning to Katie.

- PG&E Attendees: Todd Hogenson (Pipeline Modernization), [Redacted]
Dan Menegus (Valves), Chuck Marre (Regulatory), [Redacted] Bill Manheim (Law)

- The first 15 minutes will be spent discussing the general goals/objectives for the meeting, which are informational/educational in preparation for the 12/21 technical briefing, etc. Valves will be covered next, and then Pipeline Modernization. PG&E folks will be working from testimony and information already in record. Folks may be asked to describe their testimony for the first couple minutes of each section (Valves and Pipeline), but the grand majority of time will be spent on questions from the CPUC. While Dan is discussing Valves, Todd and [Redac] are free to work on other issues and return when Dan is finished. Dan is available only until 2:30 PM.

I will not be at the meeting, Sunil, as I'll be at the CPUC on another matter. Hope all goes well.

Thanks.

Shilpa
