Just heard from Hallisey. The CEC has some concerns about the conversion of GWF from coal to gas. GWF is trying to get the Commission to intervene.

Mark - what have you heard and do you think it is a problem ? I will attend the meeting tomorrow with Clanon at 330pm.

Uh, first I've heard. We signed a deal with GWF and got it approved. What's the problem now ?

I gather we're meeting tomorrow, with Kissinger, Hallisey, and Duane? What's the play there?
