Hi Redacted

How is sabbatical treating you?

We really like these cards and I hope you don't get offended by our sense of humor and genuine interest ☺

Brian's team at work is fighting a big battle that will get harder and harder... I wouldn't want to be in regulatory affairs for the next few years.

this area.

I agree on the shirt. I didn't realize it until after the cards arrived. At that point, it stays.

We hope the company gets better too. We hope the PUC is nicer to us also.

Pick a date and time.

Sara - do you wish to add more ?

Dear Brian,

We received your card yesterday and love these types of cards, and we read them carefully (we really do; mainly because we are nosey).

I wish that we had Sara's email address, too, so I can directly talk with her since she's the one who wrote it.

We have some questions and observations.

5. You are correct that your company sucked big time, and we hope your wish comes true and PG&E downsizes a bit and learns customer care (way too many directors and managers and more directors; accountability is lost...)

Redacted & Marzia
