Subject: RE: Follow-up to Meeting with Tony Earley

Hi Tom, at an event that both you and Commissioner Sandoval attended recently, I understand you mentioned positive statistics about the successful outcome of the accelerated depreciation proposal that you and the Commissioner worked on early in her term.

Would you please provide us with a high level summary of these metrics so we have the most up to date information?

If we could receive this sometime this week, we would greatly appreciate it! Thanks so much.

Best Regards,

Colette

Commissioner Sandoval, Ditas, and Colette,

Tony Earley and I greatly appreciated the opportunity to meet with you on September 29. During the course of the conversation, I felt that a number of important issues were raised that deserved a more thorough response.

Attached is my attempt to summarize these issues, along with PG&E's response. If you'd like additional information, please let me or Brian know.

Thanks.

Tom
