Great, thanks so much. What is PG&E's impression of the bids?

Hi Jaclyn,

The green indicates that the project is also on the RPS shortlist.

   The team still needs to go through each individual interconnection study and calculate a
transmission adder, which will take a few weeks. Once we have that information, we will re-
rank the offers and select winners. We can also compute total costs at that time. I will make
sure that we send this information to you.

Thanks,
Meredith

Meredith, thank you very much, this is very helpful and interesting. What does the green
highlighting mean? Also, at what point do you plan on computing the total costs?

Thanks again,

Jaclyn

CONFIDENTIAL

Jaclyn,

The RAM data is included in the confidential attachment.

Please let me know if you have questions or need additional information.

Thanks,

Meredith

Jaclyn,

We do have the information. We are getting the spreadsheet ready and will send over to you.

Thanks,

Meredith

Folks,

Have you had a chance to compile the RAM data? I would like to see the spreadsheets containing the bid information when available.

Thanks,

Jaclyn
