Thanks, [Redact]! It was a very useful meeting (to me). I know this is new territory to some of you, and I'd be more than happy to answer questions you may have about the NTP&S program, its goals, and its rules, I'd also be happy to give you my reactions to what you may be considering proposing.

PS, got my car back. Gurbux (of the recently-diluted eyes) took good care of me. I even got them to bill John.
