Hi Meredith,

It was good to meet you yesterday.

I'm reviewing the North Sky AL and appendices now, but have noticed that the CD from PG&E only contains one 500-ish page PDF. It'd make things a lot easier on my end if that was broken down into its components such that each appendix was its own file. My understanding from Sean Simon here is that Junaid may have already requested this breakdown from you, so my apologies if this is a redundant request.

Let me know if you can send me broken down versions via e-mail.

Many thanks,

Adam
