

December 20, 2011

Edward Randolph
Director, Energy Division
California Public Utilities Commission
505 Van Ness Avenue
San Francisco, CA 94102

Subject: Telemetering

Dear Mr. Randolph:

Pursuant to Decision (D.) 00-12-037 and to Pacific Gas and Electric Company's (PG&E's) Electric Rule 21 - *Interconnection Standards for Non-Utility Owned Generation*, Section F.5, "PG&E will report to the Commission or designated authority, on a quarterly basis, the rationale for requiring Telemetering equipment in each instance along with the size and location of the facility."

This correspondence covers the Telemetering equipment for the third quarter of 2011 report activity from July 1, 2011 to September 30, 2011. PG&E wishes to report there were no projects that required telemetry during this quarter.

If there are any questions concerning this information, please contact Harold Hirsch, Analysis and Rates Tariffs, in Regulatory Relations, at (415) 973-1305.

Sincerely,

Meredith Allen
Senior Director, Regulatory Relations
