Subject: RE: CPUC Implementation Status of NTSB and Independent Review Panel Pipeline Safety Recommendations Overview

Hi Laura,

We often post documents to our website without issuing a notice. Usually it's when we just want to make information available, but we're not "breaking news", per se. I'll try to remember to give you a heads-up if we post PG&E-related info and don't send out an announcement.

See you soon for lunch!

Terrie

Hi Terrie!

Brian Prusnek send me these reports yesterday and I was feeling like I must have dropped the ball in not seeing them. They didn't come through on the weird email service we seem to have here that is labeled "CPUC Legalese."

When I just checked the PUC website I see that they are listed under news items. Can you help me understand? I must confess I don't look at the PUC website every day (I know, my bad).

Just trying to figure out how to track stuff like this.

Thanks!
Finally saw Delaney last Friday -- she is so happy!

I'm sure you don't have anything to do today. So feel free to wait til next week to respond to this.

XOXOX
Laura
