Scott--please respond...I don't think so but I'm not in the office and don't have his calendar in front of me.

Phyllis
The test will be Jan 24 for sure.
Can the Commissioner make that?
Laura

Phyllis and Bishu

The hydrotest on line T119 NOW is going to occur on either January 21 or 23. In other words, it will NOT occur on Jan 17 as I previously communicated. These tests are complicated and require lots of approvals and clearances and so it had to change by a few days.

We expect to know the final, hard test date by the end of this week and will get back to you with that asap.

Thanks
Laura
