Subject: RE: Potential hydrotest visit for Commissioner Simon

Laura – It looks like Phyllis and I may make the trip since Commissioner Simon will not be able to go. Please send us details. Thanks

Bishu Chatterjee, PhD

Energy Policy Advisor to Commissioner Timothy Alan Simon

California Public Utilities Commission

Phyllis and Bishu

Will you talk with the Commissioner just so he knows this didn't work out? He had mentioned it again last week and I expect he'll be disappointed. Scheduling is so hard, especially when his schedule and the challenges of hydrotesting schedules are combined!

Bishu -- do you want to go solo?

I'm sorry but Commissioner Simon has a prior obligation that day. He's pretty much booked until late February.

Scott Mosbaugh

Thanks for checking! I believe this is the only opportunity before NARUC.

Scott--please respond...I don't think so but I'm not in the office and don't have his calendar in front of me.

Phyllis
The test will be Jan 24 for sure.
Can the Commissioner make that?

Phyllis and Bishu

The hydrotest on line T119 NOW is going to occur on either January 21 or 23. In other words, it will

NOT occur on Jan 17 as I previously communicated. These tests are complicated and require lots of approvals and clearances and so it had to change by a few days.

We expect to know the final, hard test date by the end of this week and will get back to you with that asap.

Thanks

Laura
