Sorry for the misdirection earlier.  
Let us know if you need anything more on this one.

And I am still trying to find the person who has knowledge about the "old GUMS" report data. I am hitting a wall internally, and I think I'm going to find that we just don't collect data like that anymore. I am likely to circle back to you and Mark and see if perhaps it is time for us to rethink the reporting to make it more useful to you both.

Have a good evening.  
Laura

Try this one. I inadvertently copied the transmission PDF and not the distribution one in my excitement about finding anything that seemed remotely close to your request!

I think this is it, but let me know. The next one to be filed is being prepared now.

Thanks for your patience.

Hi Laura, and thanks very much for going to the effort of getting this report. But, I already have this report, and this is not the report I was looking for. The report you sent was submitted in compliance with the Gas Accord decision D.11-04-031, and concerns PG&E transmission level pipelines.

A similar report was required by PG&E GRC decision D.11-05-018 for distribution level pipelines. I am trying to find out if PG&E has submitted that report yet, and if not, when the first such report will be submitted.

I believe this is the report you asked about earlier today. Let me know if you have any questions -- I can get the right people in to talk to you about it.

Thanks

Laura
