Subject: RE: Antioch

My target is end of the week, depending on what the data looks like, and ability to get staff together.

Michelle

I'll see what I can get to pass along sooner. Btw, how soon should we expect a citation after you get the data? You get data by EOD tomorrow and citation comes out Friday? Or is it more of a next week thing? Btw, I heard Sunil is going to visit the Diablo Division to discuss these maps tomorrow morning.

The sooner the better, we are under some pressure here to issue a citation and I'd prefer to come up with the methodology for calculating the penalty with good knowledge of the facts of the situation. If you can feed me info in pieces/by missing plat map, that helps.
Thanks.

Michelle

Best case, we'll have something to share tomorrow. I have more confidence in saying you'll have an answer by the end of the week.

No ETA yet, but it is under consideration by the engineers. I'll have more facts later this afternoon.

Hi Shilpa- happy new year!
Any ETA for us on the information about when the missing plat map areas were last leak surveyed or began operation? Thanks.

Michelle

Just learned that some of the Pittsburgh services may in fact be in Antioch. We're sending a correction and wil notify antioch local officials.
