All,

We have an OCB level outage on the A-1111 affecting 2943 customers in the South of Market area including Folsom and Clara between 3rd and 6th St. First no light was at 17:04. At this time, we have not received any hazard reports associated with this outage. Restoration personnel are on-site and have begun troubleshooting. An M&C crew is also being mobilized. More to come.
