Subject: Workshop Notice - System Safety & Security

Good Morning, and Happy New Year,

Attached is the agenda for next week's workshop on utility system safety and security scheduled for Jan 11th. I'm also attaching the straw proposal, however, please note that we are looking for new ideas and are open to improving the process beyond the straw proposal which are just one set of recommendations.

If you have not yet RSVP'd, but are planning to attend the workshop, please send me a note by close of business tomorrow. We need to know how many people will be attending in order to make the appropriate arrangements.

Regards,

marzia
