Hello Panelists,

I wanted to give you a heads up of the types of questions you'll get from us. Basically, the responses to the attached questions are what we feel were missing from the deployment plans. We will ask these questions and build off of them at the workshop.

If you have a power point presentation, please send me an electronic version by 10am Monday morning. And please limit your presentation to no more than 7-10 minutes.

Thanks,

marzia
