Paul - have you guys concluded that the distribution program should be in the next GRC ? If so, keep in mind we probably won't get a decision until mid-2014 at the earliest.

Happy new year Brian -- the tone of this letter sounds like they won't be issuing an order for a distribution filing, rather depending on a DIMP audit and our GRC filing.... can you let me know what you think?

thx

Jane

Jane and Roland,

Attached please find a letter Paul Clanon sent to Assemblyman Hill regarding PG&E's approach to Aldyl-A and DIMP. We may want to discuss this at this afternoon's meeting.

Erich
