Bob

Sorry for any misunderstanding. What I meant to say was that we hope to see a PD from ALJ Pulsifer in the near future. The first PUC business meeting that it can be acted on would be on March 8, 2012. Given that, the PD would have to be issued no later than February 7.

John,

At yesterday's meeting I thought I heard mention of a proposed decision of ALJ Pulsifer relating to RCES. I've been trying to locate a proposed decision in PG&E's rate design case, A.10-03-014. I only find two PDs (both dated 4/5/2011), and I can't find mention in either of those PDs of PG&E's RCES proposal. Could you please send me or direct me to the PD in question that handles RCES?

Thanks in advance,

John,

Per your note, I'm setting a meeting in advance of ALJ Pulsifer's Phase 3 PD appearing on the Commission meeting agenda. I'll have a couple of staff members join us for this meeting. If you could send any presentation material(s) that you might use in advance of the meeting, that would be helpful.

Thanks!
