Comments

12/28/2010 9:59:54 AM -
 12/28/2010 Removed Glen Carter from approval list and moved to CC list. Bob Fassett, acting on behalf of Glen Carter during his absence, has approved these documents.

12/27/2010 11:06:41 AM
 Based on the 2010 HCA review results, there were ~15 HCA miles added to the BAP and ~2.8 HCA miles removed for a net add of 12.3 HCA miles to PG&E's BAP.

12/23/2010 5:26:39 PM
 These PG&E and StanPac BAP revisions are routed for approval to reflect the result of the 2010 risk analysis. Also new and last assessment dates were updated with the most current information. In 2010 an equipment threat field was added, as were assessment due dates within each year for EC, IC and SCC. Once this version has been electronically approved, hard copies will be routed for your signature, for record keeping purposes. Thank you!
