Subject: RE: PG&E Hydrotest records

Hi Sunil:

Per our phone conversation, here is a spreadsheet showing the outage duration for each of our tests.

Ben,

I appreciate the quick response to the request.

Sunil

Subject: PG&E Hydrotest records

Hi Sunil:

I have sent by overnight mail a thumb drive to you with a file that provides you with the STPR, chart and RCP record for nearly every hydrostatic test we completed in 2011. Every test is listed in the file but there are about 7-10 tests that are in our final documentation QA process and these test records will be available by January 20. Those tests that don't have records show the date when we expect the QA process to be complete. I will send these other records to you as soon as they are available. Also, we have attached the list of found hydrostatic test records with the supporting documentation.

Ben Campbell
